Lourdes Richard F. Clarke,2015-07-20 Excerpt from *Lourdes Its Inhabitants Its Pilgrims and Its Miracles* There are very few Americans who cross the Atlantic without paying a visit to fair France s beauteous capital The strange admixture of virtue and vice piety and irreligion which they encounter there gives them no true idea of the real state of religion in Catholic France A large city is generally more prone to evil than less populous districts and moreover in a large city vice seems to come to the surface and virtue to hide itself away in nooks and corners where it escapes the stranger s eye The American or English tourist who goes no further is in danger of leaving Paris with a false or at all events a onesided view of the religious condition of the country To any one who desires to see the true Catholic faith of France I would strongly recommend a visit to Lourdes It is without exception the most marvelous of shrines and places of pilgrimage that the world has witnessed in modern times Lourdes is very easy of access from the French Capital It is a journey of some eighteen to twenty hours About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works Lourdes Richard Frederick Clarke,2015-08-21 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping
