Love, Sex and the Whip Sara Wyatt, 2015-07-23 This is the story of a couple who save their marriage in a very unorthodox manner They are drifting apart scarcely communicating and Amanda is thinking of leaving James Everything changes however when one day she finds out just what he has been looking at on the internet This gives her an idea which might just put the spark back into their lives

Love and Pain and The Play-Function of Sex Havelock Ellis, 2020-09-28 The relation of love to pain is one of the most difficult problems and yet one of the most fundamental in the whole range of sexual psychology Why is it that love inflicts and even seeks to inflict pain Why is it that love suffers pain and even seeks to suffer it In answering that question it seems to me we have to take an apparently circuitous route sometimes going beyond the ostensible limits of sex altogether but if we can succeed in answering it we shall have come very near one of the great mysteries of love At the same time we shall have made clear the normal basis on which rest the extreme aberrations of love The chief key to the relationship of love to pain is to be found by returning to the consideration of the essential phenomena of courtship in the animal world generally Courtship is a play a game even its combats are often to a large extent mock combats but the process behind it is one of terrible earnestness and the play may at any moment become deadly Courtship tends to involve a mock combat between males for the possession of the female which may at any time become a real combat it is a pursuit of the female by the male which may at any time become a kind of persecution so that as Colin Scott remarks Courting may be looked upon as a refined and delicate form of combat The note of courtship more especially among mammals is very easily forced and as soon as we force it we reach pain The intimate and inevitable association in the animal world of combat of the fighting and hunting impulses with the process of courtship alone suffices to bring love into close connection with pain Among mammals the male wins the female very largely by the display of force The infliction of pain must inevitably be a frequent indirect result of the exertion of power It is even more than this the infliction of pain by the male on the female may itself be a gratification of the impulse to exert force This tendency has always

to be held in check for it is of the essence of courtship that the male should win the female and she can only be won by the promise of pleasure The tendency of the male to inflict pain must be restrained so far as the female is concerned by the consideration of what is pleasing to her Yet the more carefully we study the essential elements of courtship the clearer it becomes that playful as these manifestations may seem on the surface in every direction they are verging on pain It is so among animals generally it is so in man among savages It is precisely the alliance of pleasure and pain wrote the physiologist Burdach which constitutes the voluptuous emotion Nor is this emotional attitude entirely confined to the male The female also in courtship delights to arouse to the highest degree in the male the desire for her favors and to withhold those favors from him thus finding on her part also the enjoyment of power in cruelty One s cruelty is one s power Millamant says in Congreve s *Way of the World* and when one parts with one s cruelty one parts with one s power *Screening the Dark Side of Love* Karen A. Ritzenhoff, Karen Randell, 2012-10-15 How can love be understood globally as a problematic transgression rather than the narrative of happy endings that Hollywood has offered The contributors utilize varying methodologies of textual analysis psychoanalytic models and cultural critique and engage with a broad range of films to explore issues of gender identity and spectatorship *Self-Portrait of Percy Grainger* Malcolm Gillies, David Pear, Mark Carroll, 2006-06-29 Shortly before his death Percy Grainger 1882 1961 lodged over twenty unpublished sketches in his Australian Museum Self Portrait of Percy Grainger draws exclusively from these sketches revealing for the first time an illuminating portrait of the composer s life With such titles as *The Aldridge Grainger Strom Saga* *Thunks Ere I Forget The Love Life of Helen and Paris* and *Anecdotes* these manuscripts were intended as precursors to Grainger s autobiography *My Wretched Tone Life* which he only commenced in his final years Expertly shaping these sketches the editors have created a self portrait along the lines that Grainger himself had intended The volume first introduces Grainger s forebears parents friends wife and himself before moving on to his views on composition performance and the musical world In these sketches Grainger addresses such topics as racial and national identity the meaning of work physical culture language reform sexual practice and artistic patronage Grainger also probes the nature of musical genius discussing a broad range of composers including Igor Stravinsky Thomas Beecham Frederick Delius Edvard Grieg Charles Stanford Cyril Scott Fritz Kreisler Donald Tovey Ferruccio Busoni and Balfour Gardiner Among the works of his own that Grainger most featured are his *The Warriors Music for an Imaginary Ballet* *Colonial Song the Lincolnshire Posy* series of band pieces his greatest hit *Country Gardens* and his many settings of English folk music Written in Grainger s own self created Nordic English as well as translated from Danish the language of his most intimate confessions *Self Portrait of Percy Grainger* sheds light on some of the most revealing details of the composer s life The sketches trace Grainger s changing self perception from the romantically tinged even lustful views of his forties and fifties through a period of wistfulness in his sixties to the bitterness and self loathing of his old age The volume also includes several of Grainger s own drawings as well as both public and private photographs A fascinating and revealing

Ancient Greek Love Magic Christopher A. FARAONE, Christopher A Faraone, 2009-06-30 The ancient Greeks commonly resorted to magic spells to attract and keep lovers as numerous allusions in Greek literature and recently discovered voodoo dolls magical papyri gemstones and curse tablets attest Surveying and analyzing these various texts and artifacts Christopher Faraone reveals that gender is the crucial factor in understanding love spells There are he argues two distinct types of love magic the curselike charms used primarily by men to torture unwilling women with fiery and maddening passion until they surrender sexually and the binding spells and debilitating potions generally used by women to sedate angry or philandering husbands and make them more affectionate Faraone s lucid analysis of these spells also yields a number of insights about the construction of gender in antiquity for example the femininity of socially inferior males and the maleness of autonomous prostitutes Most significantly his findings challenge the widespread modern view that all Greek men considered women to be naturally lascivious Faraone reveals the existence of an alternate male understanding of the female as naturally moderate and chaste who uses love magic to pacify and control the naturally angry and passionate male This fascinating study of magical practices and their implications for perceptions of male and female sexuality offers an unusual look at ancient Greek religion and society
