

The **Corporate Quality Manual**, which is the top level document, describes the quality system.

Quality Procedures are level 2 documents that directly support the Quality Manual, providing expanded, site-specific detail relative to the requirements stated in the Manual.

Work Instructions and Manufacturing Build Procedures are level 3 documents. These are department- or product-specific, and provide the detail required for individuals to perform their work.

Quality documents can be found on-line on the CyberOptics Internal Web using the online index. **Manufacturing Build Procedures** can be found in the Matrix document control system.
