

Hey, you over there!

In this unit, we do a quick survey of the planet you live on.

Planet Earth, your home

◀ Planet Earth, seen from the moon.

You live on planet Earth.

- ◆ You are young. The Earth is very old. About 4.6 billion years old.
- ◆ It is held in space by a force between it and the sun. This force attracts objects to each other. It is called **gravity**.
- ◆ The Earth travels non-stop around the sun, taking you along too. (So while you sit here, reading this, you are on a cosmic journey.) It shoots along at 108 000 km an hour. One full orbit around the sun takes it a year.
- ◆ It spins as it goes. Here at the UK, it is spinning at about 1400 km an hour. One full spin takes a day.
- ◆ But you don't fly off as it spins – because you are held to it by gravity.

What's it like?

Your planet home is big – about 40 000 km around its middle.

It is made of rock, and, deep inside, two metals, iron and nickel.

Over two-thirds of it is covered by oceans. These are very deep in places. But compared with the size of the Earth, they are just a thin film of water.

Around the Earth is a layer of gas, that travels with it. This layer is called the **atmosphere**. It is over 100 km deep – but most of the gas lies in the lowest 30 km. We call it **air**. You breathe it in.

Did you know?

- ◆ Because the Earth spins, we get day and night.
- ◆ When your place turns away from the sun, you get night.

What if ...

- ◆ ... the Earth stopped spinning?

Geog 1 3rd Edition Answer

Sebastian Brünink

Geog 1 3rd Edition Answer:

Cambridge International AS & A Level Geography Third Edition Garrett Nagle, Paul Guinness, 2025-06-13 This title is endorsed for the Cambridge Pathway to support the syllabuses for examination from 2027 Introducing the third edition of our Student's Book to cover the updated Cambridge International AS and A Level Geography syllabus 9696 for examination from 2027 part of a suite of print and digital resources to support teaching and learning Trust experienced authors to guide you through the updated syllabus with comprehensive coverage of the new content a refreshed design and individual chapters on each topic Build and reinforce understanding of all learners with a clear layout accessible language terminology and illustrations and ESL friendly key terms Build geographical skills with clear guidance and practice including advice on fieldwork Ensure complete coverage with the core syllabus and all the human and physical geography options included Prepare for assessment and check understanding with new analyses of detailed specific examples updated practice questions and knowledge tests at the end of each topic Provide an international focus with a wide range of global examples whilst encouraging students to make links with their local contexts Auto marked knowledge tests are available via the eBook version at the end of each topic Answers to all the practice questions and activities are FREE to download from www.hachettelearning.com answers and extras
