Advancing Africa's Sustainable Development Alain L. Fymat,2018-11-14 While many African countries lag behind the rest of the industrialised world in scientific and medical research and development the situation is progressively improving This is why the Society for the Advancement of Science in Africa was established to contribute to economic advancement and sustainability through science research education and innovation This book provides a selection of papers from the Advancement of Science in Africa's fourth annual conference The conference was held under the overarching theme of science technology and innovation in Africa with several important sub themes including but not limited to improving health research and disease surveillance education collaborating in research responding to epidemic diseases with high mortality in Africa and promoting women's interest in science careers The collection illustrates how although the chapter contributors come from various countries and universities representing their own academic research they all share a common interest in advancing science technology and innovation in Africa

Global Pandemics and International Law Ilja Pavone,2023-12-19 This book reviews the efficacy of Global Health Law assessing why its legal framework based on the International Health Regulations did not represent a valid tool in the containment of modern global pandemics such as COVID 19 The book provides an introduction to the international legal framework surrounding epidemics and pandemics and the main global governance issues that have been generated by the COVID 19 outbreak It highlights the main shortcomings of Global Health Law while also including practical proposals to improve the WHO s mechanism to prevent and respond to future disease outbreaks such as the New Pandemic Treaty Emphasis is placed on what has not worked in the international regional and national responses to COVID 19 It is argued that the pandemic has shed light on the weaknesses of global and domestic health law By identifying legal gaps and providing legal arguments the book contributes to the historical and conceptual foundation as well as the practical development of international law in the new age of COVID 19 with the ultimate goal of stimulating legal reform in this vital new era The work will be essential reading for academics researchers and policy makers working in International Law Health Law Environmental Law Human Rights Law Biolaw and the Law of International Organizations *Kenya National Assembly Official Record (Hansard)* ,2011-12-07 The official records of the proceedings of the Legislative Council of the Colony and Protectorate of Kenya the House of Representatives of the Government of Kenya and the National Assembly of the Republic of Kenya

Standing Up, Speaking Out Matthew R. Meier,Casey R. Schmitt,2016-10-14 In recent decades some of the most celebrated and culturally influential American oratorical performances have come not from political leaders or religious visionaries but from stand up comics Even though comedy and satire have been addressed by rhetorical scholarship in recent decades little attention has been paid to stand up This collection is an attempt to further cultivate the growing conversation about stand up comedy from the perspective of the rhetorical tradition It brings together literatures from rhetorical cultural and humor studies to provide a unique exploration of stand up comedy that both argues on behalf of the form s capacity for social change and attempts to draw attention to a series of otherwise unrecognized rhetors who have made significant contributions to public culture through comedy

Create, Produce, Consume David Bruenger,2019-10-08 Create Produce Consume explores the cycle of musical experience for musicians professionals and budding entrepreneurs looking to break into the music industry Building on the concepts of his previous book Making Money Making Music David Bruenger provides readers with a basic framework for understanding the relationships between the artist and audience and the producer

consumer by examining the methods underlying creation production reception and creation consumption compensation Each chapter offers a different perspective on the processes and structures that lead listeners to discover experience and interact with music and musical artists Through case studies ranging from Taylor Swift s refusal to allow her music to be streamed on Spotify to the rise of artists supported through sites like Patreon Bruenger offers highly relevant real world examples of industry practices that shape our encounters with music Create Produce Consume is a critical tool for giving readers the agile knowledge necessary to adapt to a rapidly changing music industry Graphs tables lists for additional reading and questions for further discussion illustrate key concepts Online resources for instructors and students will include sample syllabi lists for expanded reading and more

Contextualizing Indigenous Knowledge in Africa and its Diaspora Ibigbolade Aderibigbe,Alloy Ihuah,Felisters Kripono,2015-09-04 This volume proposes a wholesale adoption of African Indigenous Knowledge Systems AIKS as a paradigm for Africa s renewal and freedom from the whims of foreign interests These systems as argued here involve balancing short term thinking and immediate gratification with longer term planning for future generations of Africans and the continent s diaspora The book will be of interest to anyone concerned with development studies in Africa and its diaspora as it offers plausible solutions to Africa s chronic developmental problems that can only be provided from within Africa rather than through the intervention of external third parties As such it provides vital contributions to the ongoing search for viable answers to the challenges that Africa faces today

Gender in Nascent Module II Programmes in Kenyan Public Universities Michael Wainaina,2008-12-31 This study addresses the intersection of issues of gender and the nascent Module II Programmes in public universities in Kenya The term Module II programmes to refer to all the adult continuing lifelong education programmes in public universities in Kenya that are being offered to mature students who are not selected through the Joint Admissions Board JAB The onset of the new millennium has seen an unprecedented growth of these programmes in Kenyan public universities The study s objectives were To identify how men and women participating in Module II programmes compare in demographic socio economic attitudinal and related factors To determine to what extent Module II programmes are providing an avenue for women and men to change to science oriented career options and to determine to what extent gender equity has been identified as an objective in Module II programmes in Kenyan public universities

Handbook of Research on Inclusive and Accessible Education Maguvhe, Mbulaheni Obert,Mpya, Nwacoye Gladness,Sadiki, Marubini Christinah,2024-02-16 In the vast expanse of education a

pervasive issue remains in the marginalization and lack of visibility of individuals with disabilities Despite a strong desire for inclusivity recent research suggests that fewer than 5% of children with disabilities in 51 countries across sub Saharan Africa and South Asia are enrolled in primary school This exclusion is not solely in enrollment numbers even those who manage to attend face learning environments ill equipped to adapt to their needs leading to further isolation Girls with disabilities in particular endure heightened vulnerability to abuse reflecting a systemic failure to provide an environment that fosters equality dignity and respect for all The Handbook of Research on Inclusive and Accessible Education emerges as an inspiration for change providing a profound solution to the persistent issue of exclusion The book encapsulates a collective effort to reimagine education It advocates for a paradigm shift moving away from the confinement of special schools and towards inclusive mainstream settings By addressing controversies sharing successes and outlining prospects the book serves as a comprehensive guide for special school governing bodies curriculum advisors university lecturers and all stakeholders committed to reshaping education

Restrictive Practices in Health Care and Disability Settings Bernadette McSherry,Yvette Maker,2020-12-13 This volume explores different models of regulating the use of restrictive practices in health care and disability settings The authors examine the legislation policies inspection enforcement and accreditation of the use of practices such as physical mechanical and chemical restraint They also explore the importance of factors such as organisational culture and staff training to the effective implementation of regulatory regimes In doing so the collection provides a solid evidence base for both the development and implementation of effective approaches to restrictive practices that focus on their reduction and ultimately their elimination across health care sectors Divided into five parts the volume covers new ground in multiple respects First it addresses the use of restrictive practices across mental health disability and aged care settings creating opportunities for new insights and interdisciplinary conversations across traditionally siloed sectors Second it includes contributions from research academics clinicians regulators and mental health consumers offering a rich and comprehensive picture of existing regulatory regimes and options for designing and implementing regulatory approaches that address the failings of current systems Finally it incorporates comparative perspectives from Australia New Zealand the Netherlands Germany and England The book is an invaluable resource for regulators policymakers lawyers clinicians consumer advocates and academics grappling with the use and regulation of restrictive practices in mental health disability and aged care contexts
