Gallon, William E. Newton, 2006-01-28 Genetics and Regulation of Nitrogen Fixing Bacteria This book is the second volume of a seven volume series which covers all fields of research related to nitrogen fixation from basic studies through applied aspects to environmental impacts Volume II provides a comprehensive and detailed source of information

concerning the genetics and regulation of biological nitrogen fixation in free living prokaryotes This preface attempts to provide the reader with some insight into how this volume originated how it was planned and then how it developed over the several years of its production Once the editorial team was established the first job was to decide which of the many free living diazotrophs that have been subjected to genetic analysis should be included in this volume Would we need to develop specific criteria for selection or would the organisms in effect select themselves Of course *Klebsiella pneumoniae* and *Azotobacter vinelandii* which have served and still serve as the main model organisms for the genetic analysis of diazotrophy plus some of the other bacteria described in this volume did indeed select themselves However there was considerable discussion surrounding well characterized fixing species like *Azorhizobium caulinodans* and *Herbaspirillum seropedicae* both of which are able to fix atmospheric N under free living conditions

Proceedings of the International Field Exploration and Development Conference 2023 Jia'en Lin, 2024-03-11 This book focuses on reservoir surveillance and management reservoir evaluation and dynamic description reservoir production stimulation and EOR ultra tight reservoir unconventional oil and gas resources technology oil and gas well production testing and geomechanics This book is a compilation of selected papers from the 13th International Field Exploration and Development Conference IFEDC 2023 The conference not only provides a platform to exchanges experience but also promotes the development of scientific research in oil gas exploration and production The main audience for the work includes reservoir engineer geological engineer enterprise managers senior engineers as well as students
