of bygone rock mythology and made it relevant during a period in which tremendous American economic prosperity belied a darkness at the heart of American youth More than just a chronicle of the band's career this book is also a story about Gen X itself who like Pearl Jam came from angsty outspoken roots and then evolved into an establishment institution without ever fully shaking off their uncertain outsider past For so many Gen Xers growing up at the time Pearl Jam's music was a beacon that offered both solace and guidance They taught an entire generation how to grow up without losing the purest and most essential parts of themselves Written with his celebrated blend of personal memoir criticism and journalism Hyden explores Pearl Jam's path from Ten to now It's a chance for new fans and old fans alike to geek out over Pearl Jam minutia the B sides the beloved deep cuts the concert bootlegs and explore the multitude of reasons why Pearl Jam's music resonated with so many people As Hyden explains Most songs pass through our lives and are swiftly forgotten But Pearl Jam is forever
