Enjoying History How To Make Children Enjoy Studying History:

Enjoying History Georgia Hill, 2015-01-07 Lack of historical memory is parallel to this loss of individual memory. The link on which we depend every day between the past and present would be lost if we had no memory of our history. And we would miss a great source of enjoyment that comes from piecing together the story of our past. Mentors will certainly want to use it and so I'm sure will the rest of the history department. Make sure they buy one and keep your copy under lock and key. Michael Duffy Times Educational Supplement A very well written and readable book. Overall this is an excellent book and one which students and teachers outwith England would find a valuable addition to their library. Scottish Association of Teachers of History Resources Review This book is without question the standard text for the history PGCE market. Dr Ian Davies University of York on the first edition *Learning to Teach History in the Secondary School* provides an accessible introduction to teaching and learning history at secondary level. Underpinned by a theoretical perspective and backed up by the latest research it encourages student teachers to develop a personal approach to teaching history. This fourth edition has been thoroughly updated for the new curriculum with a brand new chapter on subject knowledge and a new section on action research to better support those reflecting on and developing their own practice. It provides an array of references and materials that give a sound theoretical foundation for the teaching of history including weblinks to further resources while a range of tasks will enable students to put their learning into practice in the classroom. Practical advice is combined with reference and access to a wide range of recent and relevant research in the field of history education to support Masters Level research and aid reflective practice. Key issues covered include The benefits of learning history Planning The use of language and strategies for teaching Inclusion Technology in history teaching Assessment Continuing professional development Offering comprehensive and accessible support to becoming a history teacher this book remains an invaluable resource for all training and newly qualified history teachers.

American Educational History William H. Jeynes, 2007-01-18 American Educational History School Society and the Common Good is an up to date contemporary examination of historical trends that have helped shape schools and education in the United States. Author William H Jeynes places a strong emphasis on recent history most notably post World War II issues such as the role of technology the standards movement affirmative action bilingual education undocumented immigrants school choice and much more **Producing and Debating History** Petros Apostolopoulos, 2024-10-21 In 2021 the American Historical Association published a study on how the American public perceives and understands the past. Almost half of the respondents argued that they turn to Wikipedia to learn about history and acquire a historical

of disciplinary and instructional explanations The lines of research presented in these chapters are both compelling and diverse and include a range of topical questions such as What affects the quality of teaching How are historical documents interpreted in the writing of history How is history explained What are the classroom demands on an elementary school social studies teacher What does text accomplish or fail to accomplish in educational settings How do teachers think about particular topics for history teaching Although much of the research reflects a grounding in or the influence of cognitive psychology not all of it derives from that tradition Traditions of rhetoric curriculum analysis and developmental psychology are also woven throughout the chapters The editors envision this volume as a contribution to educational research in a subject matter and as a tool for practitioners concerned with the improvement of instruction in history They also anticipate that it will contribute to cognitive science

Levels and GCSEs in Classical Civilisation and Ancient History offer exciting avenues through which to access the cultures of people who spoke ancient Greek and Latin and their neighbours across the ancient Mediterranean and Black Sea worlds. They are inherently interdisciplinary offering an outstanding opportunity to study a civilisation in the round using diverse sources from literary and philosophical texts to legal documents inscriptions art architecture and archaeology. Yet many people are either unaware of the existence of these courses or do not understand their contents. This unprecedented study by two Classics Professors at the University of Durham with extensive experience of teaching in schools and HEIs charts the subjects historical development and emergence in their current form since the mid 20th century explaining and illustrating their contents. It describes the skills and competencies that they confer which are valued by university admissions offices and employers alike. It presents the results of interviews with several significant participants in the story of these classical subjects and of questionnaires filled in by many additional teachers and students. It also offers practical advice on how to introduce Classical Civilisation and or Ancient History at secondary level with guides to bibliographical and other resources.
