to success Anyone can do it And its personal it comes from the students experiences and emotions Poetry works well for engaging student writers because it is challenging and yet flexible There are so many types and styles of poems they can experience There is also a lot of leeway in terms of punctuation idioms and slang and how the words appear on the page The emphasis in this book is students as poets Its not about studying the famous poets who have gone before Its about finding a love for expressing yourself that can last a lifetime It is my hope that this book will help your students come to a better understanding of poetry and eventually feel confident in their ability to write poems

Religion and Sports in American Culture Jeffrey Scholes, Raphael Sassower, 2014-01-03 Religion and Sports in American Culture explores the relationship between religion and modern sports in America Whether found in the religious purpose of ancient Olympic Games in curses believed to plague the Chicago Cubs or in the figure of Tim Tebow religion and sports have been and are still tightly intertwined While there is widespread suspicion that sports are slowly encroaching on the territory historically occupied by religion Scholes and Sassower assert that sports are not replacing religion and that neither is sports a religion Instead the authors look at the relationship between sports and religion in America from a post secular perspective that looks at both discourses as a part of the same cultural web In this way each institution is able to maintain its own integrity legitimacy and unique expression of cultural values as they relate to each other Utilizing important themes that intersect both religion and sports Scholes and Sassower illuminate the complex and often publicly contentious relationship between the two Appropriate for both classroom use and for the interested non specialist Religion and Sports in American Culture brings pilgrimage sacrifice relics and redemption together in an unexpected cultural continuity

**The Poetry of Erasmus Darwin** Martin Priestman, 2016-02-24 While historians of science have focused significant attention on Erasmus Darwin's

scientific ideas and milieu relatively little attention has been paid to Darwin as a literary writer In *The Poetry of Erasmus Darwin Enlightened Spaces Romantic Times* Martin Priestman situates Darwin's three major poems *The Loves of the Plants* 1789 *The Economy of Vegetation* 1791 and *The Temple of Nature* 1803 and Darwin himself within a large polymathic late Enlightenment network of other scientists writers thinkers and social movers and shakers Interpreting Darwin's poetry in terms of Darwin's broader sense of the poetic text as a material space he posits a significant shift from the Enlightenment's emphases on conceptual spaces to the Romantic period's emphases on historical time He shows how Darwin's poetry illuminates his stance toward all the major physical sciences and his well formulated theories of evolution and materially based psychology Priestman's study also offers the first substantial accounts of Darwin's mythological theories and their links to Enlightenment Rosicrucianism and Freemasonry and of the reading of history that emerges from the fragment poem *The Progress of Society* a first ever printed edition of which is included in an appendix Ultimately Priestman's book offers readers a sustained account of Darwin's polymathic Enlightenment worldview and cognate poetics in a period when texts are too often judged by their adherence to a retrospectively constructed Romanticism **Fast Break to Line Break** Todd

Davis,2012-02-01 If baseball is the sport of nostalgic prose basketball's movement myths and culture are truly at home in verse In this extraordinary collection of essays poets meditate on what basketball means to them how it has changed their perspective on the craft of poetry how it informs their sense of language the body and human connectedness how their love of the sport made a difference in the creation of their poems and in the lives they live beyond the margins Walt Whitman saw the origins of poetry as communal oral myth making The same could be said of basketball which is the beating heart of so many neighborhoods and communities in this country and around the world On the court and on the page this poetry in motion can be a force of change and inspiration leaving devoted fans wonderstruck *Readings in the Aesthetics of Sport* Harold Thomas Anthony Whiting,D. McNairn,2022-04-27 Bridging the gap between humour and poetry this collection of 64 reimagined nursery rhymes will conjure up memories of verses learned in childhood Each of the author's new rhymes is built upon elements of a Mother Goose original Familiar characters make their appearance but their relatable experience is freshly conceived for example Humpty Dumpty equivocates by sitting on a fence and avoids falling off a wall Betty Blue without a benefactor to replace her lost shoe adapts with the aid of a crutch to life with only one shoe and The Three Little Kittens are upset not from the loss of their mittens but because their mother's milk has run dry and she fails to arrange for a new supply Some modern twists are added as the reimagined nursery rhymes focus on subjects of contemporary interest and concern such as the law business

electronic communications air travel and politics none of which drew the attention of Mother Goose This collection is a follow up to the author s previous collection of light verse titled Signs of the Times through Reimagined Nursery Rhymes Between the two books the author has reconceived over 130 of Mother Goose s original nursery rhymes approaching the full complement of her contribution to children s literature

**Creativity and the Poetic Mind** Jean Tobin, 2004 Creativity and the Poetic Mind mingles the voices of well known writers such as Nikki Giovanni Donald Hall John Koethe Marge Piercy and Robert Pinsky with newer voices and includes engaging excerpts from interviews with thirty eight American poets Within a sustained argument about creative states of mind this book innovatively presents and explores the technique of going to the place as more reliable in writing poetry than waiting for inspiration It explains why poets frequently believe that talking about their own poetry may damage their creativity and why for centuries inspiration has seemed to come from somewhere beyond the poet In addition it discusses the practicality of poets thinking that being creative and writing poetry are two separate skills inspiration is unreliable but experienced poets create daily
