So why wait? Don't let another day go by feeling less than your best. Invest in your health and wellness with Forever Fit: A Comprehensive Guide to Diet and Fitness. Get started on your transformation today and start living your best life.

The Complete Idiot's Guide to Fighting Fatigue Nadine Saubers R.N., B.S.N., 2008-08-05 A boost of energy for your customers and your sales. Exhaustion is rampant nowadays for both medical and lifestyle reasons. In this helpful guide, a healthcare professional and scientific researcher explains the common causes of fatigue, both physical and emotional, and the most effective ways to prevent and combat it. Readers will be able to recognize the warning signs of systemic fatigue, figure out when medical treatment is required, learn lifestyle solutions, discover alternative therapies, and consult a resource section for even more information. Expert author brings an integrated approach, both traditional and alternative, to the prevention and treatment of fatigue. Can be used by the millions of people suffering from such conditions as fibromyalgia.

She's Tough Mark Hatmaker, Kylie Hatmaker, 2014-07-01 Written for women who want more out of their workout routine than polite, early evening sessions of Pilates or Zumba or yoga, this go-to manual is filled with a wealth of information on high intensity training (HIT) that will help readers meet quality high end fitness objectives. The book begins with profiles of a diverse range of women who have blazed a trail in extreme sporting activities. It then addresses some of the usual concerns women have about becoming overly muscled, offering facts and real life stories that prove that femininity doesn't have to be sacrificed for fitness. The guide also discusses the importance and value of HIT, describing what it is, what is realistically achievable, and how approaches differ for men and women. Hundreds of illustrations of core exercises are also provided, from the basic building blocks to the most challenging exercises, and the exercises themselves are organized into a variety of conditioning programs that match different fitness levels and needs. Women looking to test the limits of their fitness and endurance need look no farther than this book.

Women's Health and Fitness Guide Michele Kettles, Colette L. Cole, Brenda S. Wright, 2006 Examining the benefits of exercise for women from
