

BEST LASH STYLE FOR YOUR EYE SHAPE

BEST LASH STYLE FOR YOUR EYE SHAPE

Upturned Eyes

Upturned eyes can be paired with several different eye shapes, the almond shaped eye is the most common. There is a great rule of thumb, if you are going for the dramatic look that you want, that you are looking for the outer part of the eye, the outer 2/3 of the eye. You don't want to overdo it, but you do want to make the eye look like it is really going up.

Close Set Eyes

Focus on accentuating the outer corner to lift and lengthen the eye. To increase the appearance of width, a natural look style should be used. The look style to help you achieve the lift and lengthen look, use lashes with longer lash lengths from inner to outer. This will create a look that is more natural, focusing on longer lashes toward the outer corner.

Downturned Eyes

For a look that will draw attention to the eye in the first row, the downturned eye is the perfect shape for a dramatic and voluminous eye look. Focusing longer lashes on the outer corner will give the eye a lifted appearance and create length along the lash line.

Monolid Eyes

Monolid eyes often naturally have straight lashes. Choose a style with more flare for dramatic and length on the outer corner, this will create an illusion of elongated eyes.

Wide Set Eyes

For the focus on the focus on the outer corner of the eye, the outer corner is the key. If it is a natural eye or a wide set eye, the outer corner is the key. If it is a natural eye or a wide set eye, the outer corner is the key. If it is a natural eye or a wide set eye, the outer corner is the key.

Rounded Eyes

For the focus on the focus on the outer corner of the eye, the outer corner is the key. If it is a natural eye or a wide set eye, the outer corner is the key. If it is a natural eye or a wide set eye, the outer corner is the key. If it is a natural eye or a wide set eye, the outer corner is the key.

Protruding Eyes

It is best to use "W" or "U" curls as well as using the "cat eye shape". This will make the eye appear longer.

Rounded Eyes

All shapes and features have beautiful bright eyes. To maximize the eye in the picture, use a wide set eye. Voluminous, thick, and long lashes on the outer eye corner.

Almond Eyes

Almond Eye shape can carry off any lash style. Depending on the look and eye going for, this eye shape is very versatile and any style will complement your eye shape. (Page 2 of 4)
