Dahlgren, 2017-04-13 In From Martyrs to Murderers the author explores the connections between the dark unflattering representations of public schools teachers and teaching in popular Hollywood films and the conservative attacks on public education that have culminated in a generation of neo liberal standards reform measures The author s analysis is based on a survey of 60 movies that feature significant interactions between public school teachers and their students This study employed a textual analysis method involving viewing the films alongside original script material which reveals that the narratives involving public schools during the late 20th century and early 21st century are distinct from those involving other types of schools or eras Rather than the romantic figures of earlier portraits such as Eve Arden s beloved Our Miss Brooks in the 1940s and 1950s radio and television serial these teachers are consistently portrayed as negative archetypes thus providing a rationale for the school reform agenda of the 1980s The sheer repetition of these damaging images in Hollywood products of the period made the American public more susceptible to the deceptive arguments outlined in A Nation at Risk the seminal 1983 report that provided the blueprint for the standards reform movement that has dominated education policy for the past generation This work thus develops upon the critical perspectives of educational historians and social studies educators who have probed this turning point in the history of American schooling It also offers an alternative means of viewing the reality of life in the nation s public institutions **101 Excuses for a Bad School Report** Jane Thornton, Louis Shea, 2007 **Every Excuse in the Book** Craig Boldman, Pete Matthews, 1998 This compendium offers every excuse for every occasion such as It was the alien experiment I haven t been the same since Elvis died My inner child made me do it All excuses are illustrated **Excuses, Excuses, Excuses** Christie Passeri, 2015-01-09 A quick and simple solution to aid busy parents and make the excuses that all children need for school concise legible and readily available Fill in a few blanks sign and send It really couldn t be easier **The Book of Excuses** Gyles Daubeney Brandreth, 1984 Fairly Odd Excuses David Lewman, 2005 Dog ate your homework Late for school If you need an excuse in no time look inside for excuse after hilarious excuse from Timmy Turner and his friends Look for more books about The Fairly OddParents at your favorite store Excuses, Excuses! Lively illustrations showing a guilty child at the scene of several crimes throughout the day: standing by spilled milk, holding a broken toy, sneaking a Christmas cookie etc. alongside hilariously improbable excuses such as 'The dog did it' or 'I don't even like cookies' will make children laugh as well as teach them important lessons about honesty. Green Sheets Top 50 Excuses Middle School Students Use to Get Out of P.E. Class Joey Neptune, 2014-11-12. As we grow up in this fast-paced world we tend to lose track of our imagination. We lose that same imagination we had as a kid where we could remain completely content in our own world. We thought we were invincible, unstoppable and unbreakable. Well, unless it had to do with a physical activity in P.E. that we weren't interested in. Then our imagination switched gears to help us form an excuse to keep us away from our least favorite lessons. Suddenly we were very breakable and unable to do anything at all. And of course our P.E. Teacher would believe whatever we had to say. Right? Green Sheets is a journey into the mind of a middle school-aged student in which the carefree and innocent approach to life is exemplified through their creation of hysterical excuses to get out of a particular P.E. lesson. It's also a book that hopefully motivates us to not take life too seriously and it should entice us to enjoy the intelligently designed individuals that we are and are surrounded by. **The Book of Lame Excuses** Dan Piraro, 1991.
