**Proceedings of MAC-EMM 2014** Collective of authors,2014-12-01 Conference proceedings Multidisciplinary Academic Conference on Economics Management and Marketing in Prague 2014 MAC EMM 2014 Why Are We Waiting? Nicholas Stern,2016-07-29 An urgent case for climate change action that forcefully sets out in economic ethical and political terms the dangers of delay and the benefits of action The risks of climate change are potentially immense The benefits of taking action are also clear we can see that economic development reduced emissions and creative adaptation go hand in hand A committed and strong low carbon transition could trigger a new wave of economic and technological transformation and investment a new era of global and sustainable prosperity Why then are we waiting In this book Nicholas Stern explains why notwithstanding the great attractions of a new path it has been so difficult to tackle climate change effectively He makes a compelling case for climate action now and sets out the forms that action should take Stern argues that the risks and costs of climate change are worse than estimated in the landmark Stern Review in 2006 and far worse than implied by standard economic models He reminds us that we have a choice We can rely on past technologies methods and institutions or we can embrace change innovation and international collaboration The first might bring us some short term growth but would lead eventually to chaos conflict and destruction The second could bring about better lives for all and growth that is sustainable over the long term and help win the battle against worldwide poverty The science warns of the dangers of neglect the economics and technology show what we can do and the great benefits that will follow an examination of the ethics points strongly to a moral imperative for action Why are we waiting **Neoliberal Urban Policy and the Transformation of the City** A. MacLaren,S. Kelly,Andrew MacLaren,2014-08-12 This book reviews the character and impacts of actually existing neoliberalism in Ireland It examines the property development boom and its legacy the impacts of neoliberal urban policy in reshaping the city public resistance to the new urban policy and highlights salient points to be drawn from the Irish experience of neoliberalism **ITJEMAST 11(4) 2020** , International Transaction Journal of Engineering Management Applied Sciences Technologies publishes a wide spectrum of research and technical articles as well as reviews experiments experiences modelings simulations designs and innovations from engineering sciences life sciences and related disciplines as well as interdisciplinary cross disciplinary multidisciplinary subjects Original work is required Article submitted must not be under consideration of other publishers for publications **Postcapitalism** Paul Mason,2016-02-09 Originally published in 2015 by Allen Lane an imprint of Penguin Random House Great Britain Title page verso *The Oxford Handbook of the Responsibility to Protect* Alex Bellamy,Tim Dunne,2016-06-30 The Responsibility to Protect R2P is intended to provide an effective framework for responding to crimes of genocide ethnic cleansing war crimes and crimes against humanity It is a response to the many conscious shocking cases where atrocities on the worst scale have occurred even during the post 1945 period when the United Nations was built to save us all from the scourge of genocide The R2P concept accords to sovereign

states and international institutions a responsibility to assist peoples who are at risk or experiencing the worst atrocities R2P maintains that collective action should be taken by members of the United Nations to prevent or halt such gross violations of basic human rights This Handbook containing contributions from leading theorists and practitioners including former foreign ministers and special advisors examines the progress that has been made in the last 10 years it also looks forward to likely developments in the next decade **New Approaches to the Governance of Natural Resources** J. Grant,W.

framework this book examines the effects of innovation incentives and policies in agriculture It addresses access to the objects of innovation the direction of science and the type of innovations that are available opportunities to participate in research and development as well as effects on future generations The book examines the potential value of preventive and reconciliatory measures drawing on concepts from procedural and restorative justice As such it offers a comprehensive analysis of the main social justice dimensions affected by agricultural innovation It gives academics and policy analysts an extensive overview of the deep impact of innovation on society and the environment and the expectations the general public has from the scientific community

**The Politics of the Near** Jérôme Tournadre,2022-05-17 The Politics of the Near offers a novel approach to social unrest in post apartheid South Africa Keeping the noise of demonstrations barricades and clashes with the police at a distance this ethnography of a poor people s movement traces individual commitments and the mainsprings of mobilization in the ordinary social and intimate life of activists their relatives and other township residents Tournadre s approach picks up on aspects of activists lives that are often neglected in the study of social movements that help us better understand the dynamics of protest and the attachment of activists to their organization and its cause What Tournadre calls a politics of the near takes shape through sometimes innocuous actions and beyond the separation between public and domestic spheres By mapping the daily life of Black and low income neighborhoods and the intimate domain where expectations and disappointments surface The Politics of the Near offers a different perspective on the rainbow nation a perspective more sensitive to the fact that three decades after the end of apartheid poverty and race are still as tightly interwoven as ever
