Mature Entry Selection List Unima:

FIRST-CLASS CITIZEN OF A THIRD-WORLD COUNTRY Sam Thunde, 2024-12-02 First Class Citizen of a Third World Country is an autobiography describing the roots and first thirty years of the author's life. It is a story of the humble beginnings every African born outside royal bloodlines faces. While it is telling Sam's story, the book often zooms out from the person of Sam to share Africa's rich culture by describing events, places, and native practices in detail to shed light on life in Africa. Malawi Sam's story offers a different vantage point from the stereotypical narrative in which Africa is depicted as a hopeless land of struggle, constant conflict, and abject poverty. His story unveils a new perspective of Africa. He shares his universally relatable socioeconomic struggles, his relationships with family, friends, and lovers, his encounters with oppression and privilege, and so much more. Not cowering from controversy, he also shares his views on economics, politics, and religion, most of which deviate from conventional thinking. Oftentimes, Africa is only seen as a place; the story this book shares will unearth the human side of Africa. It will show the world that people in Africa have hopes, dreams, ambitions, and goals that they love and hurt. They have relationships with one another and with the transcendent, and that ultimately everyone just wants to attain inner contentment by bettering their lives. A central theme of the book is Sam's spiritual journey, which he believes to be the key to achieving maximum human satisfaction. It is his hope that by sharing the wisdom he has collected in his first thirty years, you will arrive at the same conclusion. Commonwealth Universities Yearbook, 1990

The Puppetry Journal, 1959 **Awards, Honors, and Prizes**, 2010 **Stock Pieces: British Repertory Theatre, 1760-1830** Susan Valladares, 2024-12-26 What do we gain from watching a familiar play for the nth time? This was a crucial question for Romantic period theatre managers who to deliver varied programmes relied on a repertoire of stock entertainments performed in alternation with the latest plays. Repertory theatre was not new to the Romantic period, but it took on additional purchase at a time when the playhouse was not simply a site for entertainment but a government-controlled cultural institution and business subject to sometimes extreme financial, political, and ideological pressures. Through an innovative selection of case studies drawn from deep archival research, *Stock Pieces* juxtaposes canonical with otherwise forgotten entertainments, unites the period's professional and amateur dramatic cultures, and spans British metropolitan, provincial, and imperial geographies. The picture that emerges is fresh and compelling. *Stock Pieces* sheds light on the mechanics of stock piece status, the Romantic afterlives of Shakespeare's near contemporaries whose popular appeal declined as his increased, and the work of various agents from pantomime arrangers to enslaved performers in Jamaica who contested the repertoire's received aesthetic and cultural values. It also explores the extent to which investments in the abolitionist cause were remediated by stock pieces that revived and reenacted the spectral violence of slavery and the slave trade for various purposes. *Stock Pieces* showcases how the Romantic period dramatic repertoire could be mobilised to signify social and political practices that operated outside the theatrical institution, crossed national borders, and dared to
