Essential Questions On Poetry:

Basic Questions of Philosophy Martin Heidegger, 1994-06-22 This excellent translation presents Heidegger's mature thought on the essence of Truth as he was writing his major work *Contributions to Philosophy* Library Journal This is the first English translation of a lecture course Martin Heidegger presented at the University of Freiburg in 1937-1938 Heidegger's task here is to reassert the question of the essence of truth not as a problem or as a matter of logic but precisely as a genuine philosophical question in fact the one basic question of philosophy Thus this course is about the essence of truth as well as the essence of philosophy itself On both sides Heidegger draws extensively upon the ancient Greeks on their understanding of truth as *aletheia* and their determination of the beginning of philosophy as the disposition of wonder In addition these lectures were presented at the time that Heidegger was composing his second magnum opus *Beiträge zur Philosophie* and provide the single best introduction to that complex and crucial text *The Poetry of Life in Literature* Anna-Teresa

Tymieniecka, 2013-03-09 Poetry of life in literature and through literature and the vast territory in between as vast as human life itself where they interact and influence each other is the nerve of human existence Whether we are aware of it or not we are profoundly dissatisfied with the stark reality of life's swift progress onward and the enigmatic and irretrievable meaning of the past And so we dramatise our existence probing deeply for a lyrical and heartfelt yet universally valid sense of our experience It is in great works of literature that we seek those hidden springs that so move us It is in honour of this search that this collection focuses on the creative imagination at work in literature and aesthetics **The Poetry Experience**
