Exploring Macroeconomics Robert L. Sexton, 2018-12-10 The excitement of learning economics for the first time. The experience of a lifetime of teaching it. The Eighth Edition of Exploring Macroeconomics captures the excitement of learning macroeconomics for the first time through a lively and encouraging narrative that connects macroeconomics to the world in a way that is familiar to students. Author Robert L. Sexton draws on over 25 years of teaching experience to capture students' attention, focusing on core concepts and expertly weaving in examples from current events and popular culture to make even classic economic principles modern and relatable. The text sticks to the basics and applies a thoughtful learning design, segmenting its presentation into brief, visually appealing, self-contained sections that are easier for students to digest and retain compared to sprawling text.
