Art and Art-Attempts Christy Mag Uidhir, 2013-06-27 Although few philosophers agree about what it is for something to be art most if not all agree on one thing art must be in some sense intention dependent *Art and Art Attempts* is about what follows from taking intention dependence seriously as a substantive necessary condition for something's being art Christy Mag Uidhir argues that from the assumption that art must be the product of intentional action along with basic action theoretic account of attempts goal oriented intention directed activity follows a host of sweeping implications for philosophical enquiry into the nature of art and its principal relations such as authorship art forms and art ontology e.g. An informative distinction between art non art and failed art that any viable theory of art must capture A far more productive minimal framework for authorship not only capable of systematically addressing issues of collective authorship appropriation etc but also one according to which artists just are authors A coherent and structurally precise account of art forms based upon the relation between artists artworks and the sortal properties thereof A unified and far less metaphysically suspect ontology of art according to which if there are such things as artworks then artworks must be concrete things Ultimately Mag Uidhir aims neither to propose nor to defend any particular precise answer to the question What is art Instead he shows the ways in which taking intention dependence seriously as a substantive necessary condition for being art can be profoundly revelatory and perhaps even radically revisionary as to the scope and limits of what any particular precise answer to such a question could viably be *Garfield from the Trash Bin* Jim Davis, 2010-02-23 Dumpster Diving One cat's trash is another cat's treasure and in this all new book Garfield creator Jim Davis has collected the best of the worst never before seen rejected comic strips questionable covers silly sketches gross gags and over the top over the edge outtakes sure to offend just about everyone So hold your nose and dig in **The Art of Comics** Aaron Meskin, Roy T.
