

## CLAMSHELL

**KIT:** Two strobes, two lightstands, two 20-inch softboxes

This is a great beauty set-up. Position one softbox above the model in the centre, and one below, also in the centre. A boom arm to support the above light directly above the model is useful, but it isn't vital.

## LOOP WITH A BACKGROUND LIGHT

**KIT:** Two strobes, two lightstands, one 20-inch softbox

Use a simple Loop or Rembrandt set-up. Position a second light behind the model, pointing at the background. Adjust the strength and angle to vary the intensity and gradient.

## KEY AND FILL

**KIT:** Two strobes, two lightstands, two 20-inch softboxes

Set a key light above the subject at a 45-degree angle to create a basic Loop set-up. Position a second light in a lower position to the other side of the model; reduce its power to roughly half that of the key light.

## KEY, FILL AND HAIR LIGHT

**KIT:** Three strobes, three lightstands, two 20-inch softboxes, one honeycomb grid attachment

Start with a Key and Fill set-up. Add a third hair light above and behind the subject. Attach a honeycomb grid to narrow the light beam.

# Guide To Studio Lighting
