Alva And Irva Edward Carey,2010-07-30 A fairy tale for our times about the worlds we inhabit and the worlds we contain from the astonishing new voice who introduced us to the strange and marvellous world of Observatory Mansions Alva and Irva Dapps are identical twin sisters They live in the city of Entralla not a place you are likely to have visited Alva is by nature an explorer she longs to travel the world Irva is a recluse for whom a step outside the house is an ordeal But the twins belong together they feel each other s feelings think each other s thoughts suffer together love together and hate together they cannot survive without each other Since childhood the twins have built fantastical cities of Plasticine But when Irva finally refuses to leave the house at all the major work of their lives begins Alva attempting to return Irva to life brings the city of Entralla into their home she wanders its streets observing taking notes measuring and reports her findings to Irva who painstakingly constructs a miniature Entralla of Plasticine And the model city comes to serve Entralla in a way its creators could never have imagined In Alva Irva Edward Carey takes the reader on an enchanting journey through a city of the imagination with unforgettable heroines whose conflicting desires contain the seeds of both their destruction and their salvation

Essential Digital Video Handbook Pete May,2020-04-02 The digital video revolution has blurred the lines between professional and amateur equipment with some Hollywood movies being shot and edited using the same technology that families use for their vacation footage With sales of digital video cameras and computer based editing systems skyrocketing more and more people are seeing the potential and are anxious to advance their own personal video production skills to a higher level The Essential Digital Video Handbook will help you the beginner and budding professional become a better writer producer director photographer and editor Author Pete May s sound advice and no nonsense approach will help you achieve results that will wow audiences whether they re gathered in the family room or the corporate boardroom The Essential Digital Video Handbook takes the you through every step of the process from buying the right equipment to editing footage This book shares tips on achieving professional quality results by understanding and exploiting visual language both by initially following the rules and then by breaking them with style and confidence Videographers will also learn to sound like professionals by understanding and speaking the language of the business Instead of narrowly focusing on just the latest equipment and technology May uses lessons he learned during twenty five years in the television business to drill down to the most important stuff the principles that don t change and the

tricks behind making videos that document entertain train motivate persuade satisfy and even have the ability to make money

Chance Rules Brian Everitt, 2009-06-29 Chance continues to govern our lives in the 21st Century From the genes we inherit and the environment into which we are born to the lottery ticket we buy at the local store much of life is a gamble In business education travel health and marriage we take chances in the hope of obtaining something better Chance colors our lives with uncertainty and so it is important to examine it and try to understand about how it operates in a number of different circumstances Such understanding becomes simpler if we take some time to learn a little about probability since probability is the natural language of uncertainty This second edition of Chance Rules again recounts the story of chance through history and the various ways it impacts on our lives Here you can read about the earliest gamblers who thought that the fall of the dice was controlled by the gods as well as the modern geneticist and quantum theory researcher trying to integrate aspects of probability into their chosen speciality Example included in the first addition such as the infamous Monty Hall problem tossing coins coincidences horse racing birthdays and babies remain often with an expanded discussion in this edition Additional material in the second edition includes a probabilistic explanation of why things were better when you were younger consideration of whether you can use probability to prove the existence of God how long you may have to wait to win the lottery some court room dramas predicting the future and how evolution scores over creationism Chance Rules lets you learn about probability without complex mathematics

Popular Science , 1931-05 Popular Science gives our readers the information and tools to improve their technology and their world The core belief that Popular Science and our readers share The future is going to be better and science and technology are the driving forces that will help make it better

The New Digital Workplace Kendra Briken, Shiona Chillias, Martin Krzywdzinski, Abigail Marks, 2017-03-30 With contributions from over 20 leading scholars from across the globe this new book brings together a number of papers that have been presented at the annual International Labour Process Conference at which the conference theme Working Revolutions Revolutionising Work provided the inspiration for many of the chapters included in this volume Grounded in Labour Process Theory the text examines how digital technologies impact on work and organisations and provides a rigorous account of the technological organizational and work related changes in both the new digital industries and in the traditional service and manufacturing sectors The book covers many of the most significant contemporary issues and subjects in the field including the representation of women in IT workplace cyberbullying virtualisation and the video games industry This book is essential reading for upper level undergraduate and postgraduate students studying modules related to technology and work as well as modules in work sociology on sociology degree programmes

Choose Your Lover Carefully Cass Jackson, Janie Jackson, 2005 It s not the stars in your eyes that help you choose the perfect lover it s the stars in the skies Using the birth time charts from What Time Were You Born this astrological guide reveals both your nature and the nature of your best potential mate The path to finding true love begins with an analysis of the different personalities associated with

each sun sign and continues with a timeline section that discusses character outlook and destiny Look to the rising sign to discover childhood programming and what you or a mate will expect from others The moon divulges a person s hidden aspects Examine the information closely check your compatibility carefully and romantic happiness will be yours
