artists while making a national effort to document the country's shared history and culture. The American Guide series consists of individual guides to each of the states. Little known authors, many of whom would later become celebrated literary figures, were commissioned to write these important books. John Steinbeck, Saul Bellow, Zora Neale Hurston, and Ralph Ellison are among the more than 6,000 writers, editors, historians, and researchers who documented this celebration of local histories. Photographs, drawings, driving tours, detailed descriptions of towns, and rich cultural details exhibit each state's unique flavor. The WPA Guide to Maryland has some of the most thorough driving tours in the series. From the Allegheny Plateau to the Chesapeake Bay and the Atlantic Coast, the guide details Maryland's diverse geography. The essays on the state's two major cities, Baltimore and Annapolis, are especially engaging. Known as the Old Line State for its pivotal role in the American Revolution, Maryland's rich history is also extensively detailed in the guide.

The Complete Book of Striped Bass Fishing
Nick Karas, 2016-02-16

From legendary fisherman and outdoors writer Nick Kara comes a comprehensive look at every aspect of the striped bass. It's essential reading for beginners and anyone whose spent a lifetime casting for stripers. Striped bass in fresh and salt water are one of the world's greatest gamefish, and *The Complete Book of Striped Bass Fishing* is the fullest, most authoritative, most helpful book ever written on the species. Nick Karas, one of the world's great experts on the striped bass, offers proven techniques for more successful fishing. He details fishing from the surf, from boats, from bank, pier, jetty, and bridge, with all kinds of tackle and methods. And he takes an especially careful look at the growing popularity of fly rodding for stripers, fishing at night, and even how to catch striped bass in fresh water. An entire section of the book is devoted to tackle, where he takes a thorough look at the best rods, reels, lines, hooks, live and natural baits, artificial lures, accessory equipment of all kinds, bass boats, and the most innovative and practical beach vehicles. Skyhorse Publishing is proud to publish a broad range of books for fishermen. Our books for anglers include titles that focus on fly fishing, bait fishing, fly casting, spin casting, deep sea fishing, and surf fishing. Our books offer both practical advice on tackle, techniques, knots, and more, as well as lyrical prose on fishing for bass, trout, salmon, crappie, baitfish, catfish, and more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to publishing books on subjects that are sometimes overlooked by other publishers, and to authors whose work might not otherwise find a home.
