

SEAT

Seat Support

To move the seat forward or rearward, remove the seat cushion and four nuts and cap screws attaching the seat support to the seat support rail. Then place the seat in the desired position and reinstall nuts and cap screws.

Seat Belt

A seat belt is available as special equipment for your crawler.

CAUTION: Under almost all operating conditions:

1. The use of a seat belt with the optional John Deere canopy is recommended.
2. Use of a seat belt without roll-over protective equipment is not recommended.

WIDE TRACK CRAWLER

The "Wide Track Crawler" is a special-purpose machine designed for use in snow, swamps and bog areas where high flotation is a prerequisite to successful operation.

Use of the "Wide Track Crawler" in rough or rocky terrain and in areas where track conditions permit maximum drawbar pull can result in premature failure of the power train and the track system. Use of the "Wide Track" in conditions other than intended will terminate the warranty obligation to the purchaser.

COASTING

Do not allow crawler to coast downhill with clutch disengaged and transmission in gear. This may result in overspeeding and damage to the transmission.
