idea     *Laughter in the Dark* Melinda Traficante,1998     **New Territories in Modernism** Laura Wainwright,2018-03-15

Until very recently Welsh literary Modernism has been critically neglected both within and outside Wales This is the first book devoted solely to the study of Welsh literary Modernism revealing and examining eight key Anglophone Welsh writers Laura Wainwright demonstrates how their linguistic experimentation constituted an engagement with the unprecedented linguistic social and cultural changes that were the making of modern Wales and formed the crucible for the emergence of a distinct Welsh Modernism This study of Welsh Modernism challenges conventional literary histories and in more than one sense takes Modernism and Modernist studies into new territories     **Nabokov** Leona Toker,2016-11-01 Vladimir Nabokov described the literature course he taught at Cornell as a kind of detective investigation of the mystery of literary structures Leona Toker here pursues a similar investigation of the enigmatic structures of Nabokov's own fiction According to Toker most previous critics stressed either Nabokov's concern with form or the humanistic side of his works but rarely if ever the two together In sensitive and revealing readings of ten novels Toker demonstrates that the need to reconcile the human element with aesthetic or metaphysical pursuits is a constant theme of Nabokov's and that the tension between technique and content is itself a key to his fiction Written with verve and precision Toker's book begins with *Pnin* and follows the circular pattern that is one of her subject's own favored devices     *Inhabiting the Meta Visual: Contemporary Performance Themes* Helene G. Markstein,Arthur Maria Steijn,2019-07-22 This volume was first published by Inter Disciplinary Press in 2016 Theatre and the many varied expressions of performance practice in live and mediated performance forms are by their nature inter disciplinary The goal of this volume is to develop discussion with a focus on the visual aspects of performance brought up by artists and researchers in various performance disciplines and practices The volume facilitates inter personal communication and the exchange of global perspectives to engage a community in meaningful dialogue Scenography describes the discipline of performing arts which include all elements of theatrical presentation As a definition here it is useful for this volume because it outlines the understanding of scenographic practice as a combination of numerous theatre practices that collaborate and include architecture lighting costume make up sound settings and stage properties movement as well as audience participation     *Nabokov Noir* Luke Parker,2022-11-15 Nabokov Noir places Vladimir Nabokov's early literary career from the 1920s to the 1940s in the context of his fascination with silent and early sound cinema and the chiaroscuro darkness and artificial brightness of the Weimar era with its movie palaces cultural Americanism and surface culture Luke Parker argues that Nabokov's engagement with the cinema and the dynamics of mass culture more broadly is an art of exile understood both as literary poetics and practical strategy Obsessive and competitively fascinated and disturbed Nabokov's Russian language fiction and essays written in Berlin present a compelling rethinking of modernist era literature's relationship to an unabashedly mass cultural phenomenon Parker examines how Nabokov's involvement with the cinema as actor screenwriter moviegoer and above all chronicler of the cinematized culture of interwar Europe enabled him to flourish

as a transnational writer Nabokov Parker shows worked tirelessly to court publishers and film producers for maximum exposure for his fiction across languages media and markets In revealing the story of Nabokov s cinema praxis his strategic instrumentalization of the movie industry Nabokov Noir reconstructs the deft response of a modern master to the artificial isolation and shrinking audiences of exile

**Differences in the Dark** Michael T. Gilmore,1998 In *Differences in the Dark* Michael T Gilmore explores the divergent streams of American and British culture through each country s favorite medium film and drama respectively An original cross cultural study this book shows the place of the movies in the country of reinvented lives and wide open spaces as contrasted with the disciplined traditions of the stage rigorously followed by actors and directors and British notions of class and collective memory

**Dark Laughter** Juan F. Egea,2013 In *Dark Laughter* Juan F Egea provides a remarkable in depth analysis of the dark comedy film genre in Spain as well as a provocative critical engagement with the idea of national cinema the visual dimension of cultural specificity and the ethics of dark humor Egea begins his analysis with General Franco s dictatorship in the 1960s a regime that opened the country to new economic forces while maintaining its repressive nature exploring key works by Luis Garc a Berlanga Marco Ferreri Fernando Fern n G mez and Luis Bu uel Dark Laughter then moves to the first films of Pedro Almod var in the early 1980s during the Spanish political transition to democracy before examining Alex de la Iglesia and the new dark comedies of the 1990s Analyzing this younger generation of filmmakers Egea traces dark comedy to Spain s displays of ultramodernity such as the Universal Exposition in Seville and the Barcelona Olympic Games At its core *Dark Laughter* is a substantial inquiry into the epistemology of comedy the intricacies of visual modernity and the relationship between cinema and a wider framework of representational practices
