Learning To Do What Jesus Did:

Doing What Jesus Did John Decker, Sonja Decker, 2015 But be doers of the word and not hearers only James 1 22 nkjv Doing What Jesus Did invites you to learn how to move into the supernatural realm that Jesus said in John 14 12 14 we could and should enter Husband and wife authors John and Sonja Decker will equip you to minister in the way Jesus invited us to including miracles by teaching you His six essential strategies for effective discipleship Leading people to Christ Leading Christians into the Holy Spirit baptism Learning how to heal the sick Hearing from God Healing the sick by revelation Dealing with demons Much more than a handbook of New Testament principles Doing What Jesus Did will be a catalyst for you to love Jesus more deeply as you minister His life love and power more dynamically **Learning to Do What Jesus Did** Michael Evans, Wholeness Ministries, 2003-09-01 The Sunday School Helper , 1870 **Learn to Breathe** Jim Mindling, 2013-11-08 Have you plateaued in your faith Does it seem you should be more like Christ than you are Have you settled for a version of Christianity that is a far cry from the joy and adventure found in biblical Christlikeness You're not alone Many are not even aware that the purpose of life is to become like Christ Others sense there's more but just don't know how to make it happen The key to becoming like Christ is discovering how to cooperate with the work of the Holy Spirit learning the rhythm of breathing in His life giving presence and breathing out the toxins that poison our soul Learn to Breathe shows us how to intentionally align with the Holy Spirit's work of spiritual formation as God develops Christlikeness in us Exploring how Jesus cooperated with the Holy Spirit while he walked on earth reveals a fascinating model for us to follow today **Learning from Jesus** Renovare, 2006-06-27 Become a Student of the Master To Christians Jesus is many things the Son of God the pivotal figure in whom we put our trust and who speaks on our behalf a companion in the life of faith But Jesus is also an incredible example of how to lead a faithful life Jesus as a human walked on earth and confronted the same struggles that we face Our primary mission as his followers is to learn from him to become his apprentices In this book we seek to further our apprenticeship by studying everything from Jesus's interactions with those around him to the revolutionary wisdom recorded in the Gospels Learning from Jesus is conveniently organized for individual or group study and each section of this guide leads you further down the path to true discipleship **Meeting Jesus Together** Susan B. Williams, Peter R. Holmes, 2010 Why do we feel so alone and lost More and more people are feeling isolated missed and unknown and yet the church seems to be one of the main culprits in creating this ethos We need to be about creating healthy honest and authentic communities that are safe places for people to know and be known In Meeting Christ Together Peter Holmes and Susan Williams explain exactly what that looks like and how we can create salugenetic or healthy relationships within the context of authentic community They explain how a salugenetic community is the network built by a group of people who are consistently experiencing life together and it is a community that is committed to encouraging ongoing transformational change Salugenetic community is built on three assumptions If Christ is present in our relationships with each

other that should make a radical difference Such relationships provoke transformative change And when these relationships are achieved everyone notices the difference *Impact* Steven Patty, Steve Keels, 2005 *Impact* is a TruthQuest resource designed for the student ministry leader Perfect complement to the TruthQuest Bible not only in content but also in design and approach TruthQuest Web site www.BroadmanHolman.com/TruthQuest *Learning to Speak* Keith W. Clements, 2011-06-13 Churches and ecumenical bodies are often criticized for saying too much or too little on social and political affairs But how can churches speak out on such affairs How can churches participate effectively Keith Clements questions the present preoccupation with making statements which not only presupposes that a church has ready made answers but is also symptomatic of modern Western society's obsession with publicity and instant solutions to what are often complex problems Clements examines such historically famous statements as the German Barmen Declaration of 1934 and the South African Kairos Document of 1985 before exploring the biblical and theological roots of the key motifs of prophesy and discipleship He suggests that Western churches must continue to listen and learn not least from the way churches in regions such as South Africa the Middle East and Eastern Europe are relearning their roles Clements concludes that Western churches must be prepared to talk modestly They must be prepared to be both more disciplined and more imaginative They must also be prepared to be more theological Drawing on a wide range of sources Catholic and Protestant contemporary and historical Clements points the way forward for a Christian community learning to speak in the world and to the world

She Did What She Could Marilyn Williams, 2009-02-18 What does a quiet and gentle woman a young Canaanite woman dressed as a prostitute and a repentant sinful woman have in common They each did what they could to express their love gratitude and devotion to the Living God *She Did What She Could* is a 12 chapter Bible Study focusing on ordinary woman who found their daily significance by simply doing what they could Marilyn Williams delivers a message straight from God's Heart filled with hope freedom and purpose for every woman **Created to Learn** William Yount, 2010-08-15 This revised and expanded second edition of *Created to Learn* an ECPA Gold Medallion Award finalist shows teachers how to organize and tailor classroom instruction to fit the learning styles of their students In a real sense author William R Yount takes the theories of teaching and learning and brings them to life inside the classroom Additional content in this updated edition includes More information on new research into learning theories including discoveries in the field of neuroscience that provide far more detail about brain function New chapters on Constructivism and brain based learning Updated research from Yount's teaching experiences in other countries Full rewrite of original text condensing material that has moved into other books removing data found to be less helpful and adding research that provides support for evolving ideas about cognitive and humanistic learning theory systems designing instructional objectives and the revolution in brain science
