| Enclosure Type                  | Pedestal                                                                                                                                                                                                        |
| Physical Dimensions (H x W x D) | 9.50 x 6.7 x 1.8" (241 x 170 x 45.72 mm)                                                                                                                                                                        |
| Shipping Weight                 | 10 lbs (4.5 kg)                                                                                                                                                                                                 |
| Pedestal Base                   | Optional weighted base                                                                                                                                                                                          |
| Environmental Protection        | Compliant to TYPE 12                                                                                                                                                                                            |

### Configurable Graphical Displays

| Features                                       | Benefits                                                                                                                 |
|------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------|
| Panel or Pedestal Mount                        | • Allows for various mounting scenarios                                                                                  |
| Ethernet Port                                  | • TOSLINK (RJ-45) port standard (TCP/IP)                                                                                 |
| Multiple-Scale Operation (24 physical + 6 sum) | • Default application displays 4 scale weights and a sum                                                                 |
| 5 Programmable "Hot" Keys                      | • Configurable to allow weight information from up to 6 JAGXTREME terminals                                              |
| Motorcycle Button                              | • Definable pushbuttons                                                                                                  |
| QWERTY Keyboard                                | • Allows switching between user-defined application and default application                                              |
|                                                | • Legal-for-Trade                                                                                                        |
|                                                | • Allows data entry and Jog/ASD <sup>™</sup> interaction                                                                 |
| Programming                                    | XTREMEBUILDER <sup>™</sup> Object-Oriented Programming Language                                                          |
| XTREMEBUILDER                                  | • Windows <sup>®</sup> application development software                                                                  |
|                                                | • Over 50 software objects supplied in custom libraries                                                                  |
|                                                | • Custom libraries can be modified to enhance functionality                                                              |
|                                                | • Supports bitmaps                                                                                                       |
|                                                | • Customized graphics can be created                                                                                     |
|                                                | • Default application works automatically when connected to a JAGXTREME terminal                                         |
| Weight Object                                  | • Displays basic weight information: Weight, Units, Scale ID, NetGross                                                   |
| Weight String Object                           | • Enable status bar to indicate: Center-of-zero, Motion, Weighing Range, (PS) Tare                                       |
| Programmable Key Object(s)                     | • Font and box size selectable; displays Weight, Units, GrossNetTare                                                     |
| Alarm Object                                   | • Programmable hot keys: JAGXTREME terminal operation, navigation, custom                                                |
| Shared Data String Object                      | • Displays customized alarm messages; adjustable blink rate and colors                                                   |
| Bar Graph Object                               | • Displays the value of one or more "string type" shared data variables                                                  |
| Bitmap Object(s)                               | • Graphically displays shared data variables; selectable fill direction, colors                                          |
|                                                | • Supports user bitmaps                                                                                                  |
|                                                | • Conditional visibility based on shared data                                                                            |
| Trend Object                                   | • Displays a trend graph of a shared data variable; configurable grid color, plot color, background color, min/max scale |
|                                                | • Displays last 40 recorded values on the graph                                                                          |
