Holland Mi Guided Tour:

Michigan Free Eric Freedman,1993 A comprehensive guide to no cost entertainment travel and recreation opportunities in Michigan *U.S.A. Tour Manual* United States Travel Service,1969 James' Memories James Hillis,2025-08-14 I was writing memories about my life I never liked writing I did go through English classes when I was in school but I didn't do well My oldest daughter Mandy encouraged me to write down my memories I did agree I did some thinking about it made some notes That was probably ten to twelve years ago After I knew that my wife Ernestine was not going to last much longer I used some of the free time while being her caregiver to make some notes and try and decide how I could accomplish this I got some good encouragement from my sister Muriel After Ernestine passed away a few months later come to the conclusion that I needed to finish these memories before my time came to a close So my reason for this book was my recollection of grandchildren asking how I and their grandmother met Now I understand why they would ask So I gave them my best answer at the time I reflected on how some of my sisters and brothers and I had never questioned our own parents about their courtship and marriage So I have tried to give as best as I can my early life how Ernestine and I met Our marriage lasted for sixty five years and was two days short of five months I am hopeful that this will be some family history that will be interesting and helpful in understanding the makeup of families From my experience it is GOD that has guided us through our journey on this earth for this short time I have to give Him GOD all the glory and praise for our children grandchildren and great grandchildren Great Lakes Circle Tour Bob Schmidt,Ginger Schmidt,1998 The Dutch American Identity Terence Schoone-Jongen,2008 Each year thousands of communities across the United States celebrate their ethnic heritages values and identities through the medium of festivals Drawing together elements of ethnic pride nostalgia religious values economic motives cultural memory and a spirit of celebration these festivals are performances that promote and preserve a community's unique identity and heritage while at the same time attempting to place the ethnic community within the larger American experience Although these aims are pervasive across ethnic heritage celebrations two festivals that appear similar may nevertheless serve radically different social and political aims Accordingly *The Dutch American Identity* examines five Dutch American festivals three of which are among the oldest ethnic heritage festivals in the United States in order to determine what such festivals mean and do for the staging communities Although Dutch Americans were historically among the first ethnic groups to stage ethnic heritage festivals designed to attract outside audiences and despite the fact that several Dutch American festivals have met with sustained success little scholarship has focused on this ethnic group's festivals Moreover studies that have considered festivals staged by communities of European descent have typically focused on a single festival *The Dutch American Identity* thus on the one hand seeks to call attention to the historical development and current sociocultural significance of Dutch American heritage festivals On the other hand this study aims to elucidate the ties that bind the five communities that stage these festivals together rather than studying one festival in isolation from the

others Creatively combining several methodologies The Dutch American Identity describes and analyzes how the social political and ethical values of the five communities are expressed performed acted out represented costumed and displayed in their respective festivals Rather than relying on familiar even stereotypical notions of the Midwest rural America conservative America etc that often appear in contemporary political discourse Schoone Jongen shows just how complex and contradictory these festivals are in the ways they represent each community At the same time by placing these festivals within the context of American history Schoone Jongen also demonstrates how and why each festival is a microcosm of particular cultural social and political developments in modern America The Dutch American Identity is an important book for sociology performance studies folklore immigration history anthropology and cultural history collections
