How To Write Special Feature Articles by Willard Grosvenor Bleyer Willard Grosvenor Bleyer,2016-05-03 This book is the result of twelve years experience in teaching university students to write special feature articles for newspapers and popular magazines By applying the methods outlined in the following pages young men and women have been able to prepare articles that have been accepted by many newspaper and magazine editors The success that these students have achieved leads the author to believe that others who desire to write special articles may be aided by the suggestions given in this book Although innumerable books on short story writing have been published no attempt has hitherto been made to discuss in detail the writing of special feature articles In the absence of any generally accepted method of approach to the subject it has been necessary to work out a systematic classification of the various types of articles and of the different kinds of titles beginnings and similar details as well as to supply names by which to identify them A careful analysis of current practice in the writing of special feature stories and popular magazine articles is the basis of the methods presented In this analysis an effort has been made to show the application of the principles of composition to the writing of articles Examples taken from representative newspapers and magazines are freely used to illustrate the methods discussed To encourage students to analyze typical articles the second part of the book is devoted to a collection of newspaper and magazine articles of various types with an outline for the analysis of them Particular emphasis is placed on methods of popularizing such knowledge as is not available to the general reader This has been done in the belief that it is important for the average person to know of the progress that is being made in every field of human endeavor in order that he may if possible apply the results to his own affairs

How to Write Ad Copy That Works - Masters of Marketing Secrets: A Course In Classic Copywriting Dr. Robert C. Worstell,J. George Frederick,2014-05-28 As you are reading this

you are obviously interested in how Marketing actually works and what is actually effective You already have been through the wringer with all these online marketers who use the same copy paste template of a sales page with mailing lists which send you unwanted traffic several times a week and insist that you are stupid enough to believe their hype over and over and over The Masters of Marketing Secrets series brings you these classics so that you can make up your own mind All that has been done with these books is to give you modern versions of them which have been mostly cleaned up of typos and poor editing and also made available in ebook and paperback so you can study them at your leisure J George Frederick lived in those times and wrote about the people and principles of advertising they discovered His book has been handed around for years and as you study the other books in this series it starts pulling the pieces together for you **Sales Management**,1947 **How to Prepare a Marketing Plan** John Stapleton,Michael J. Thomas,1998 Marketing is today more a management style than a group of activities under a department head and is absolutely central to the success of a company as a whole This has informed the revisions to this fifth edition throughout Most of the earlier content is retained in an updated form but a new structure has been introduced and a section on implementation included for the first time All aspects of the planning process are covered from analysing market share and deciding marketing strategy to specific elements of the marketing mix campaign planning media evaluation sales promotion publicity packaging and PR An especially valuable feature is the charts and forms over 150 of them which are used throughout to clearly illustrate the planning process
