

HP Cartridge C9352. #22

Refill Instructions / Color cartridge

Instructions

1. Put the cartridge on some paper towels in an area where you can tolerate a spill.
2. Peel off the top label.
3. Fill the syringe with 5 ml. of color ink.
4. Very S-L-O-W-L-Y inject ink into each chamber until the sponge is full. A little ink might come out of the top when full, so cover up the other two holes while filling one.
5. When finished leave the top label off and the filling holes exposed (when printing it has to pull in air).
6. Replace the cartridge and run 1 - 3 cleaning cycles as per printer instructions.

Or print the following pages:

<http://www.refillinstructions.com/color.htm> for Color

If necessary leave cartridge in printer for up to 8 hours.

The cartridge will print just like a new one. Even though the cartridge prints good, the ink level gauge will not read full after a refill. To reset the ink level gauge back to full follow these instructions:

This will allow you to reset the ID system & Ink Level Indicator built into the printer.

Hp 22 Ink Refill Instructions
