

To specify e-mail server settings

If Auto Setup is unsuccessful, contact your ISP or e-mail provider for the **Incoming mail server** and **outgoing mail server settings** so you can enter them on your device.

Other options that you can select include the following:

- Select the **Outgoing server requires authentication** check box, if required by your provider.
- If the outgoing e-mail server requires a different user name and password for sending e-mail, clear the **Use the same user name and password for sending e-mail** check box. You will be prompted to enter these information.
- Tap **Advanced Server Settings**, then select the **Require SSL** check boxes if your e-mail provider uses an SSL connection for more secured e-mail. From the **Network connection** list, select the data connection that you use for connecting to the Internet.

To customize download and format settings

Before you tap **Finish** when setting up your POP3 or IMAP4 e-mail account, you can tap **Review all download settings** to choose download options, message format, and other settings.

| Options | Description |
|---|---|
| Automatic Send/Receive | You can select a time interval for connecting to the Internet automatically to send and receive messages. |
| Download messages | Set the number of days of messages that you want to be downloaded to your device. |
| Send/receive when I click Send | By default, messages are immediately delivered when you tap Send . If you prefer to save outgoing messages to the Outbox folder first, clear the check box. (In this case, you will need to manually send messages by tapping Menu > Send/Receive). |
| Use automatic send/receive schedule when roaming | This allows your device to data roam when there is a set time interval for connecting to the Internet automatically. Since this may result in higher connection costs, you may want to leave the check box cleared. |
| When deleting messages | Choose whether to delete messages from the mail server when you delete them on your device. |
| Message format | Select HTML or Plain Text. |
| Message download limit | Select the e-mail download size. If you have large volumes of e-mail, use a lower size or select to download headers only. |
