Mobile technologies for oral health: an implementation guide, 2021-09-17 Oral diseases affect about 3.5 billion people around the world. As well as impacting health, they also affect overall well-being and quality of life, especially where resources for prevention, diagnosis and treatment are limited. Approaches based on new digital health technologies can contribute to better oral health for all. In the context of the Be Healthy Be Mobile initiative, the World Health Organization and the International Telecommunication Union have developed *Mobile technologies for oral health: an implementation guide*. This new resource provides guidance on promoting oral health, training health workers, detecting oral health conditions, collecting epidemiological data and monitoring the quality of patient care, all through mobile technologies. It will help countries develop and implement mOralHealth programmes to complement existing oral health programmes. The handbook is intended to assist policy and decision makers and implementers to realize a national or large scale mOralHealth programme

Executive Dashboards to Win the C-Suite Preethi Anand, 2014-08-11 As a learning and development professional, you know your work has value, but it can be challenging to show that value to your organizational leaders. An executive dashboard that showcases important metrics may be the answer. In *Executive Dashboards to Win Over the C-Suite*, Preethi Anand takes you through the steps to create a compelling dashboard. This TD at Work issue includes an explanation of what dashboards are and what they can do, questions to help you decide on learning outcomes, sample objectives that might appear on a dashboard, guidance on choosing presentation tools, an audience analysis worksheet, a design thinking template for identifying core metrics.

Effective Technology Tools for School Leadership Leslie Jones, Eugene Kennedy, 2022-11-23 This book prepares educational leaders with the knowledge needed to critically evaluate, select and use technological tools to be effective school leaders. Authors Jones and Kennedy explore the technology tools needed to support the full range of responsibilities of a school leader, including management and administration, personnel and evaluation, security and safety, instructional leadership, organizational culture and climate, external relationships and action research. Each chapter unpacks advantages and pitfalls of various technological tools and includes case scenarios that contextualize these ideas for readers. Chapter content is also aligned with The Professional Standards for Educational Leaders (PSEL), the National Educational Leadership Preparation Standards (NELP) and the International Society of Technology Standards in Education (ISTE) standards. This timely and important book adds to the toolbox for educators preparing to become effective and cutting-edge school leaders.

From Trustworthy AI Principles to Public Procurement Practices Merve Hickok, 2024-10-21 This book is an early warning to public officials, policymakers and procurement practitioners on the impact of AI on the public sector. Many governments have established national AI strategies and set ambitious goals to incorporate AI into the public infrastructure, while lacking AI-specific procurement guidelines. AI is not traditional software, and traditional processes are not sufficient to

meet the challenges AI brings Today's decisions to embed AI and algorithmic systems into public system infrastructure can and will have serious repercussions in the future The promise of AI systems is to make the public sector more efficient effective fair and sustainable However AI systems also bring new and emerging risks which can impact rights and freedoms Therefore guardrails are necessary to consider the socio technical dimensions and impact on individuals communities and society at large It is crucial that public sector decision makers understand the emerging risks of AI systems the impact on the agency and the wider public infrastructure and have the means to independently validate vendor claims This book is a result of interviews with more than 20 public procurement professionals across countries offering an in depth analysis of the risks incidents governance practices and emerging good practices around the world and provides valuable procurement policy and process recommendations to address and mitigate these risks Corporate Governance Zabihollah Rezaee, 2025-03-31

Corporate governance has become increasingly central to corporate reporting and management as businesses face growing pressure to address their responsibilities in sustainability and corporate accountability The evolving focus on effective corporate governance has driven the introduction of new laws regulations standards and best practices reshaping its framework principles and functions Business leaders and students must stay informed about these significant reforms and the associated accountabilities This book offers a clear accessible guide to the key regulations laws and best practices essential for robust governance and stakeholder protection It covers the roles and responsibilities of all key players in corporate governance including directors management auditors accountants legal counsel and financial advisors Taking a practical approach the book explores topics such as financial markets investor confidence oversight managerial compliance internal and external auditing legal advisory functions and performance reporting It serves as a valuable resource for students and professionals seeking a comprehensive understanding of corporate governance responsibilities Designed for both undergraduate and graduate levels this book equips students with the knowledge and skills needed to become successful business leaders It is an ideal reference for business colleges accounting schools and other corporate governance programs with individual chapters adaptable for various accounting and business courses **Smarter Crowdsourcing for**

Anti-Corruption Beth Simone Noveck, Kaitlin Koga, Rafael Aceves Garcia, Hannah Deleanu, Dinorah

Cantú-Pedraza, 2018-04-30 Corruption presents a fundamental threat to the stability and prosperity of Mexico and combating it demands approaches that are both principled and practical In 2017 the Inter American Development Bank IDB approved project ME T1351 to support Mexico in its fight against corruption using Open Innovation Thus the IDB partnered with the Governance Lab at NYU to support Mexico's Secretariat of Public Service *Secretaría de la Función Pública* to identify innovative solutions for the measurement detection and prevention of corruption in Mexico using the GovLab's open innovation methodology named Smarter Crowdsourcing The purpose of Smarter Crowdsourcing was to identify concrete solutions that include the use of data analysis and technology to tackle corruption in the public sector Although written at the

behest of and for the Mexican context the recommendations and plans for their implementation developed in this report could be adapted for use in other countries This document contains 13 implementation plans laying out practical ways to address corruption The plans emerged from Smarter Crowdsourcing Anti Corruption 2017 The Smarter Crowdsourcing method is an agile process which begins with robust problem definition followed by online sourcing of global expertise to surface innovative ideas and then turns them into practical implementation plans

Evaluating Public Communication

Jim Macnamara,2017-09-05 Evaluating Public Communication addresses the widely reported lack of rigorous outcome and impact oriented evaluation in advertising public relations corporate government political and organizational communication and specialist fields such as health communication This transdisciplinary analysis integrates research literature from each of these fields of practice as well as interviews content analysis and ethnography to identify the latest models and approaches Chapters feature a review of 30 frameworks and models that inform processes for evaluation in communication including the latest recommendations of industry bodies evaluation councils and research institutes in several countries recommendations for standards based on contemporary social science research and industry initiatives such as the IPR Task Force on Standards and the Coalition for Public Relations Research Standards an assessment of metrics that can inform evaluation including digital and social media metrics 10 informal research methods and over 30 formal research methods for evaluating public communication evaluation of public communication campaigns and projects in 12 contemporary case studies Evaluating Public Communication provides clear guidance on theory and practice for students researchers and professionals in PR advertising and all fields of communication

Conducting Survey Research

John Fogli,Linda Herkenhoff,2018-03-28 Creating a powerful and impactful survey is no easy feat even experienced survey researchers struggle to eliminate bias and create robust questionnaire designs Through case studies real life examples and multiple data visualization graphics Conducting Survey Research offers a unique how to guide on creating a survey Throughout its seven chapters the text enables readers to build relevant unbiased and purposeful survey questions The text highlights common mistakes in survey research e g using the appropriate sample size and survey administration mode and demonstrates how to interpret survey data and report findings While numerous online survey platforms exist the text reviews features of some of the most popular ones to help readers decide which best meet their needs The world of survey research is extensive While this text offers a great introduction to the survey research world it only covers the tip of the iceberg For those interested in delving deeper into the topic JAF Associates offers onsite on demand instructor led and self paced learning modules covering the content of this text and more
