Best Books for Young Adults Holly Koelling, 2007-08-13 Rev ed of Best books for young adults Betty Carter with Sally Estes and Linda Waddle 2nd ed c2000 The Oxford Handbook of European Islam Jocelyne Cesari, 2015 For centuries Muslim countries and Europe have engaged one another through theological dialogues diplomatic missions political rivalries and power struggles In the last thirty years due in large part to globalization and migration from Islamic countries to the West what was previously an engagement across national and cultural boundaries has increasingly become an internalized encounter within Europe itself Questions of the Hijab in schools freedom of expression in the wake of the Danish Cartoon crisis and the role of Shari'a have come to the forefront of contemporary European discourse The Oxford Handbook of European Islam is the first collection to present a comprehensive approach to the multiple and changing ways Islam has been studied across European countries Parts one to three address the state of knowledge of Islam and Muslims within a selection of European countries while presenting a critical view of the most up to date data specific to each country These chapters analyze the immigration cycles and policies related to the presence of Muslims tackling issues such as discrimination post colonial identity adaptation and assimilation The thematic chapters in parts four and five examine secularism radicalization Shari'a Hijab and Islamophobia with the goal of synthesizing different national discussion into a more comparative theoretical framework The Handbook attempts to balance cutting edge assessment with the knowledge that the content itself will eventually be superseded by events Featuring eighteen newly commissioned essays by noted scholars in the field this volume will provide an excellent resource for students and scholars interested in European Studies immigration Islamic studies and the sociology of religion **Young Adult Literature** Katherine Toth Bucher, M. an extreme right wing religious backlash against liberal civil liberties that endorse homosexuality feminism religious and racial equality create formidable dilemmas for educators further complicated by the blurred boundaries of free expression safety and privacy in cyber space as students increasingly communicate on line Shariff and Johnny argue that censorship is deeply rooted in hegemonic perspectives that sustain neo colonial privilege and silence the social historical and intellectual contributions of some students This curriculum of orthodoxy supports discriminatory political media stereotypes of non Caucasian ethnic groups through selection that is in fact censorship The authors introduce a Critical Legal Literacy model for teacher education that combines legal and digital literacies with critical educational pedagogy to help educators meet contemporary challenges through pluralistic ethical and educational decisions
