

System Investigation – Part One

Perform your own system investigation by revisiting the pressurized system that you constructed in the last lesson!

Let's Get on Task!

Your task is to explain the input, process, output, and possible feedback loop involved in your pressurized system. Consulting your plan page, test results, inspection report, and video clips will be important as you explain and analyze your system.

Input: (written descriptions or diagrams)

Process: (written descriptions or diagrams)
