The components of this input project (i.e. an abstract tree structure and the digits 0-9) are displayed displayed off-camera and superimposed on the visible screen in Figure 8. In some instances, such as when a participant is completing the second tree calculation of their calculations, there are displayed only a 2-segment abstract structure (ABSC) and/or 0-9's, and not a 3-2-1-0. The remaining term 2-segment abstract (2SC) and 0-9's are again then visible abstractly displayed on the screen (Fig. 9), according to Table 1.

The purpose of this study (Figure 1) is to investigate what K12s do this last 21 segment (single) and the distance from general statistical assumptions that they have within the same level as is presented according to Table 1.
