Charmed Daniel Hilton, 2014-02-03 The beginning is never the end. Leeza is led into a world full of the most beautiful creatures and also the evil ones, the shadows. They have started wars all around this world, but can Leeza come to the aid of saving the world if she fails? The more terrible things could soon happen. When a terrible storm ends up crashing the sky ship on an island, Leeza has to find out where two diamonds fit in a book on top of a statue yet to unleash a creature more terrifying than the rest of the creatures. Leeza is more than ready to restore peace in dreamland, and the beginning is never the end.

The Torment of Others Val McDermid, 2006-08-29 Dr. Tony Hill and Detective Chief Inspector Carol Jordan return in the award-winning series that is the basis for the BBC television show. In a small, grim room, the body of a woman is discovered, panic and pain etched in her face. The scene matches in every detail a series of murders two years ago, murders that ended when irrefutable forensic evidence secured the conviction of a deeply disturbed young man named Derek Tyler. But there's no way Tyler could have killed the latest victim. He's been locked up in a mental institution since his trial, barely speaking a word. So is there a copycat? All his years of experience tell top criminal psychologist Dr. Tony Hill that there isn't, but that would make the murders literally impossible. While Hill tries to crack Tyler, DCI Carol Jordan and her team must mount a desperate undercover operation to trap the murderer, a decision that will have terrible consequences. In *The Torment of Others*, Val McDermid keeps the tension mounting as a mixture of psychological insight and dogged detective work leads inexorably to a terrifying climax where Tony faces one of the most perverse killers he has ever encountered.
