Reading Comprehension – Short Stories

Directions: Read the story. Then answer the questions below.

When I was a little girl, I loved for my mom to tell me stories about herself. No matter how tired she was, she never **adumbrated** them. She would fill the tales with the minutest details, and they were always fascinating.

Another thing she did was tell the stories with such **grandiloquence**! At different points she would stop and say, "Now what do you think that word means?" I would try to piece together what was happening in the story and make my best guess.

To this day, when I want to bug my friends, I use the huge words that I first learned leaning on Mom's shoulder as she recounted a snippet of her life.

My favorite story was the one about how my mom met my dad:

"I was 17 years old, but I already knew the kind of man I would marry. Take note:

"My momma raised her brow and said, 'She is, but not for boys such as yourself.'

"But I **digress**. I'm supposed to be telling you about the day I met your daddy, right?

"Okay, so I was riding the Amtrak train between Providence and Philadelphia during my freshman year at Brown, and the door at the end of my car rattled open.

"He was tall and swarthy. He wore a thick, ivory, cable-knit sweater with a gray wool scarf wrapped firmly around his neck. I couldn't tell what his heritage was and that intrigued me. What was he -- Indian, Portuguese, Peruvian?"

Mom would pause here and I would shout, "Cape Verdean!"

She'd continue:

"Well, if I had been shy, I might have just looked out the train window. But then where would I be now? You wouldn't even be here! So I let my eyes lock with his

Actually it is less effective in the era of oral language. For learners without knowing the theory of Reading and strategy make them have to spend much time to read and comprehend a reading text. Comprehending a reading text is not as easy as we thought. Still some problems occur for example vocabulary and grammar. Knowing the weakness of learners ability in English language skills this reading book is designed integrated to other subjects they are speaking pronunciation grammar and vocabulary which can be seen in its exercises and implementation. This book also can be used as self study learning because it provides theory and evaluation in reading. Besides that there is answer key at the back of the book which gives answer or possible answers to some exercises. Glossary is also included with its phonetics description for improving learners pronunciation and finding an explanation of certain words used in this book. So it is really useful for all learners included college students teachers and lecturers who want to deepen their knowledge in Reading. I do believe that this book will give some beneficial impacts to college students teachers and lecturers or anyone who interested in reading matters. For college students it can broaden their knowledge about some text types or genre and strategy or techniques in comprehending a reading text faster. Besides that it can make college students be independent effective and efficient learners as self regulated learner.
