The Commercial Motor, 1972 **The Last British Dambuster** George Johnny Johnson MBE, 2014-05-08 Johnny Johnson has been awarded an MBE for his remarkable services in World War II I was anxious to fight Hitler was the bastard who had started all this and he needed sorting out We were under threat Everything we stood for our country our families and our way of life was being attacked by this maniac He could not be allowed to win So for me and many many others like me there was no alternative We were in a pickle and something had to be done Johnny Johnson is 95 years old and one of very few men who can recall first hand the most daring and ingenious air raid of all time He can also vividly remember his childhood spent working on a farm with his controlling father the series of events that led him to the RAF and the rigorous training that followed But it was his decision to join 617 Squadron and the consequences that have truly stayed etched in his mind On 16 May 1943 Johnny alongside 132 specially selected comrades took off from Scampton airbase in Lincolnshire For six weeks they had been trained to fulfil one mission that was near impossible to destroy three dams deep within Germany's Ruhr Valley It was a daring task but against the odds Johnny and his crew survived Sadly 53 comrades did not For the first time Johnny relives every moment of that fatal night and the devastating aftermath He recalls with unique wit and insight the difficult training conducted in secrecy the race against time to release the bombs and the sheer strength and bravery shown by a small unit faced with great adversity and uncertainty Embodying a whole squadron and leaving a lasting legacy for generations to come Johnny's story is like no other *Commercial Carrier Journal*, 2004
