

## Official McDonald's Employee Training Manual

### Menu Overview:

Hello, and welcome to the McDonald's family! Here at McDonald's, in order to maximize efficiency and customer satisfaction, we have standardized our menu to include only one item for you to make: the burger.

The burger is the fastest sandwich to ever be invented—it is always swallowed whole. Nothing but the burger is to ever be served at McDonald's.

### Food Preparation:

Now that you're a full-fledged McDonald's employee, you'll be cooking your burgers in 30 seconds or less. Yes! Within this time period, you will be required to find a cow, destroy the cow, cook the destroyed cow, and finally, place the cooked cow's meat on a bun and serve it to the customer.

#### How To Make A McDonald's Burger:

**STEP 1:** Turn on griddle.

**STEP 2:** Destroy cow.

**STEP 3:** Check time.

**STEP 4:** Serve on bun.

**STEP 5:** Turn off griddle.

Per company policy, no matter how many of these steps are completed at the 30-second mark, employees must serve what they have made when their time is up. Sometimes this means you will serve a completed burger, and sometimes this means you will simply serve a partially destroyed cow. Both ways are correct.

And, as always, if the customer should take more than 10 seconds to swallow their burger, they will be removed from the restaurant.

**Fast Food, Fast Talk** Robin Leidner, 1993-08-04 Attending Hamburger University Robin Leidner observes how McDonald s trains the managers of its fast food restaurants to standardize every aspect of service and product Learning how to sell life insurance at a large midwestern firm she is coached on exactly what to say how to stand when to make eye contact and how to build up Positive Mental Attitude by chanting I feel happy I feel terrific Leidner s fascinating report from the frontlines of two major American corporations uncovers the methods and consequences of regulating workers language looks attitudes ideas and demeanor Her study reveals the complex and often unexpected results that come with the routinization of service work Some McDonald s workers resent the constraints of prescribed uniforms and rigid scripts while others appreciate how routines simplify their jobs and give them psychological protection against unpleasant customers Combined Insurance goes further than McDonald s in attempting to standardize the workers very selves instilling in them adroit maneuvers to overcome customer resistance The routinization of service work has both poignant and preposterous consequences It tends to undermine shared understandings about individuality and social obligations sharpening the tension between the belief in personal autonomy

and the domination of a powerful corporate culture Richly anecdotal and accessibly written Leidner s book charts new territory in the sociology of work With service sector work becoming increasingly important in American business her timely study is particularly welcome      **USDA Radiological Training Manual** United States.
