Quartermaster 1 Lawson G. Wood, 1989 An Honorable War Robert N. Macomber, 2017-02-15 Politics love and war swirl around Captain Peter Wake USN in Havana when the USS Maine explodes on a quiet evening in February 1898 Working with Assistant Secretary of the Navy Theodore Roosevelt in the tense prewar days carrying out a perilous espionage mission inside Cuba and leading a disastrous raid on the Cuban coast Wake is in the middle of it all The Popular Fiction silver medalist in the 2017 Florida Book Awards this is the first of three dynamic books set during the Spanish American War in the Caribbean when America changes forever into a global power Surface Warfare , 1978 **Directives, publications, reports index** United States. Coast Guard, 1982 **The Liberty Incident Revealed** A. Jay Cristol, 2013-09-15 The Liberty Incident Revealed is the complete and final story about the Israeli Air Force and Navy attack on the USS Liberty during the Six Day War in June 1967 Cutting through all of the controversy and conspiracy theories about Israel s deadly attack Cristol revises his well regarded book about the event with an expanded and in depth analysis of all of the sources including the released tapes of the National Security Agency NSA intercepts When Cristol s first book on the subject The Liberty Incident was published in 2002 there remained many unanswered questions about Israeli Air Force audio tapes The NSA intercepts tapes had not yet been released in 2002 Some conspiracy theorists alleged the NSA tapes would prove that the Israeli attack was premeditated Cristol s successful Freedom of Information Act lawsuit against the NSA while resulting in the release of those tapes has been greeted by anti Israel sources insisting that the NSA tapes are fraudulent and are part of a larger conspiracy to deceive the American public After a quarter of a century of intensive research in both Israel and the U S researching all relevant archives from NSA CIA and the State Department reviewing both formerly classified and open source documents and interviewing all then living individuals directly involved in the incident the factual and documentary record is clear Cristol maintains that despite the fact that all of the official records and transcripts are now available for review the truth has proven to be of no interest to those individuals and organizations who are motivated by hidden agendas wish to keep conspiracy theories alive or are trying to feed sensational stories to the media Documenting his findings in six new chapters Cristol establishes definitively that the Israeli attack was a tragic mistake and presents a convincing argument that

Allen, 2005 Professional mariners military and civilian will find this book to be an invaluable reference in understanding the rules of the road and the role these rules play in managing the risk of collision The author provides a thorough commentary on the rules and an analysis of collision cases involving abuse of the rules Maritime attorneys and judges will find the book continues to be an indispensable reference on collision law as Craig Allen provides a mariner's insight into how the rules apply in context and their application by the courts and administrative tribunals This new edition completely revises chapters on the rules pertaining to good seamanship and special circumstances and on restricted visibility and it vastly expands coverage of the narrow channel rule traffic separation schemes and the application of the rules to high speed craft It also extensively revises materials on the look out and risk of collision responsibilities to update coverage on radar and ARPA and to address new technologies such as integrated bridge systems automatic identification systems voyage data recorders and the increasingly active role of VTS The first update in ten years the eighth edition upholds and even surpasses the standards set over the past sixty years of the guide's publication *Naval Training Bulletin* ,1967
