

enVision Math 3.1 - The Distributive Property Practice

Answer Key

Separate the rows in the large array into two smaller arrays. Write the new facts.

$$3 \times 5 = (\underline{\quad} \times \underline{\quad}) + (\underline{\quad} \times \underline{\quad})$$

Sample answer: $(2 \times 5) + (1 \times 5)$

$$4 \times 7 = (\underline{\quad} \times \underline{\quad}) + (\underline{\quad} \times \underline{\quad})$$

Sample answer: $(2 \times 7) + (2 \times 7)$

Use the Distributive Property to find each missing factor. Use counters and arrays to help.

3. $4 \times 8 = (3 \times \underline{8}) + (1 \times 8)$

4. $6 \times 5 = (\underline{4} \times 5) + (2 \times 5)$

5. $(\underline{3} \times 9) = (1 \times 9) + (2 \times \underline{9})$

6. $(0 \times \underline{7}) = (5 \times 7) + (\underline{5} \times 7)$

7. $(5 \times \underline{6}) = (4 \times 6) + (\underline{1} \times 6)$

8. $(8 \times \underline{2}) = (\underline{2} \times 2) + (6 \times 2)$

International Perspectives on Gender and Mathematics Education Olof Steinthorsdottir, Helen J. Forgasz, Joanne Rossi Becker, Kyeonghwa Lee, 2010-06-01 Why a book on gender issues in mathematics in the 21st century Several factors have influenced the undertaking of this project by the editors First an international volume focusing on gender and mathematics has not appeared since publication of papers emerging from the 1996 International Congress on Mathematical Education Keitel 1998 Surely it was time for an updated look at this critical area of mathematics education Second we have had lively discussion and working groups on gender issues at conferences of the International Group for the Psychology of Mathematics Education PME for the past four years sessions at which stimulating and ground breaking research has been discussed by participants from many different countries Some publication seemed essential to share this new knowledge

emerging from a wider variety of countries and from different cultural perspectives Third some western countries such as Australia and the USA have experienced in recent years a focus on the boy problem with an underlying assumption that issues of females and mathematics have been solved and are no longer worthy of interest Thus it seemed timely to look more closely at the issue of gender and mathematics internationally When the idea for this volume first emerged invitations were issued to those regularly attending the working and discussion groups at PME Potential authors were charged to focus on gender issues in mathematics and were given wide scope to hone in on the issues that were central to their own research efforts or were in receipt or in need of close attention in their own national or regional contexts

Creating the Future You, with eBook Access Code Brad Garner, Catherine A. Sanderson, 2025-04-15 Helps students navigate their college experience and increase their opportunities for success Creating The Future You Envision Pursue Persist is an engaging appealing and encouraging introduction to higher education providing a unique recipe for students to succeed and thrive in college and beyond An innovative mixture of reading video and interactive learning activities this concise and student friendly textbook guides students of various backgrounds perspectives and academic abilities through the challenges and opportunities of their first year at college Recognizing that every student embarking on their journey through college has their own unique set of hopes and dreams for the future Creating The Future You employs a student centric approach that helps students identify and nurture their passions define their goals foster lasting relationships develop the mindset for success in school and life and more Authors Brad Garner and Catherine Sanderson provide a highly personalized format for students to gain information on each topic measure their levels of performance and engage in meaningful conversation with each other with their professors with other members of their campus community and with other important figures in their lives Perfect for first year college experience courses Creating The Future You contains a wealth of interactive pedagogical tools and activities that offer students abundant opportunities for self assessment personal reflection discussion and action taking in both their education and their entry into the job market AN INTERACTIVE MULTIMEDIA LEARNING EXPERIENCE This textbook includes access to an interactive multimedia e text Icons throughout the print book signal corresponding digital content in the e text Video Content A variety of appealing videos complements the text to engage students and the wide range of people and perspectives reflected in the video content helps all students develop a sense of belonging and appreciation of diversity Author s Introductions Produced by Brad Garner and presented by Catherine Sanderson these videos provide a lively introduction to the chapter s main topics and questions Reading Companion Videos Each of these short videos introduces a specific topic drawing students into the reading self assessments and personal reflections What Would You Do Videos Members of a diverse cast of characters all recent college graduates share an everyday or workplace dilemma and ask readers advice on how to handle the situation Interactive Self Assessments The e text includes easy to use interactive versions of the abundant Test Yourself self assessments that automatically tabulate students results
