Investment Banking

We provide a broad range of investment banking services to a diverse group of corporations, financial institutions, investment funds, governments and individuals.

Trading and Principal Investments

We facilitate client transactions with a diverse group of corporations, financial institutions, investment funds, governments and individuals and take proprietary positions through market making in, trading of and investing in fixed income and equity products, currencies, commodities and derivatives on these products. In addition, we engage in market-making and specialist activities on equities and options exchanges and clear client transactions on major stock, options and futures exchanges worldwide. In connection with our merchant banking and other investing activities, we make principal investments directly and through funds that we raise and manage.

Asset Management and Securities Services

We provide investment advisory and financial planning services and offer investment products (primarily through separately managed accounts and commingled vehicles, such as mutual funds and private investment funds) across all major asset classes to a diverse group of institutions and individuals worldwide and provide prime brokerage services, financing services and securities lending services to institutional clients, including hedge funds, mutual funds, pension funds and foundations, and to high-net-worth individuals worldwide.

Zenios,1993 The use of formal mathematical models and optimization in finance has become common practice in the 1980s and 1990s This book clearly presents the exciting symbiosis between the fields of finance and management science operations research Prominent researchers present the state of the art in financial optimization while analysts from industry discuss the latest business techniques practised by financial firms in New York London and Tokyo The book covers a wide range of topics portfolio management of equities and fixed income investments the pricing of complex insurance mortgage and other asset backed products and models for risk management and diversification

Best's Insurance Reports, Life-health ,2008 **An Advisor's Guide to Private Annuities** F. Bentley Mooney, Jr.,2011-06-23 This book may be the only complete collection of law and tactics on the use and misuse of private annuities It is written for the professional advisor the attorney accountant financial planner and others so it is necessarily more detailed than most lay persons would find tolerable To keep it readable however I present the information directly to the reader as end user rather than switching back and forth from factual presentation to suggestions on how to present it to the client As advisor just draw the necessary inferences *When Gambling for Resurrection is Too Risky* Divya Kirti,2017-08-07 Rather than taking on more risk US insurers hit hard by the crisis pulled back from risk taking relative to insurers not hit as hard by the crisis Capital requirements alone do not explain this risk reduction insurers hit hard reduced risk within assets with identical regulatory treatment State level US insurance regulation makes it unlikely this risk reduction was driven by moral suasion Other financial institutions also reduce risk after large shocks the same approach applied to banks yields similar results My results suggest that at least in some circumstances franchise value can dominate making gambling for resurrection too risky
