Teaching Informational Text in K-3 Classrooms Mariam Jean Dreher, Sharon Bengé Kletzien, 2015-09-19 Specifically designed for K-3 teachers this accessible guide describes ways to use informational text creatively and effectively in both reading and writing instruction. The book presents lessons, read-alouds and activities that motivate students to engage with a wide variety of exemplary texts. Links to the Common Core State Standards (CCSS) are explained throughout. Key topics include how to build academic vocabulary, balance fiction and nonfiction and address the needs of English language learners. Examples from diverse classrooms and end-of-chapter discussion questions and engagement activities enhance the book's utility as a professional development resource. Reproducible handouts and other tools can be downloaded and printed in a convenient 8 1/2 x 11 size. [Learning to Write and Loving It! Preschool-Kindergarten](#) Miriam P. Trehearne, 2011-08-17 Learning to Write and Loving It! equips teachers of young children with practical strategies, assessment tools and motivating writing activities that are based on current research and proven practice and are easily applicable to all kinds of learning environments. Included are many authentic writing samples and photos to illustrate effective developmentally appropriate instructional methods, mini lessons and activities. Sought-after author and speaker Miriam P. Trehearne demonstrates how to scaffold play and literacy learning and how to easily link assessment to instruction. Key features differentiate using effective instructional approaches for teaching writing and supporting inquiry and play, assess and document student writing seamlessly throughout the day, motivate and engage children in writing fiction, narrative, nonfiction, poetry and song, enjoy learning with a powerful collection of vignettes from real classrooms and use teacher-friendly guidelines for effectively integrating technology and selecting software for young children. A companion CD offers modifiable reproducibles, observation checklists, assessments and projects for parents to do with their young children. Learn how to successfully scaffold writing and in the process foster cross-curricular skills in science, social studies and math. Research shows that writing provides a strong foundation for literacy development. Further writing helps children express themselves, clarify their thinking, communicate ideas and integrate new information into their knowledge base. Where is the Mathematics in Your Math Education Research? Xiaoheng Kitty Yan, Ami Mamolo, Igor' Kontorovich, 2025-06-25 This book brings together leading researchers in mathematics education to share personal narratives of key mathematical moments or ideas that inspired surprised or helped direct their research While the fruits of research activities and products are shared at scholarly conference and journals the

footprints of mathematics that ignited the research processes is often behind the scenes and only acknowledged informally. To make mathematics an essential component and a determining driving force of mathematics education research more visible, chapters in this book highlight the indispensable and indisputable role of mathematics in mathematics education research. The book is unique and timely in addressing the essential but increasingly sidelined role of mathematics that permeates mathematics education research, journals, graduate programs, and the personae of the next generation in the profession. It renounces the shift away from mathematics and attempts to restore the place and value of mathematics by presenting elegant, intriguing, and substantial contributions to mathematics education that have come from keeping mathematics at the core of research pursuits. Each chapter shares a journey in mathematics education research that was inspired by an affinity for mathematics and that helped shape the field as we know it. Each author shares insights and reflections on the status of mathematics in the mathematics education community, how it has changed, and what further changes might be expected. This edited volume is of major interest to the mathematics education community, including mathematics educators, teacher educators, researchers, professional development providers, and graduate students.

Handbook of Research on Effective Online Language Teaching in a Disruptive Environment LeLoup, Jean W., Swanson, Pete, 2021-11-26. The COVID-19 pandemic radically and rapidly, and perhaps forever, changed the K-20 educational landscape. In March 2020, K-12 schools and institutions of higher education were forced to pivot quickly to online and remote teaching. This new paradigm resulted in many teachers, regardless of content area, being unprepared. In the field of second language teaching and learning, world language, and TESOL, educators require the investigation of techniques used during the global pandemic to ensure continued success in online teaching practice. *The Handbook of Research on Effective Online Language Teaching in a Disruptive Environment* provides strong and cogent guidance in the use of pedagogically sound methods of online language instruction. This book builds an innovative knowledge base about teaching during disruptive times in the context of K-20 language learning that is supported with empirical evidence. Covering topics such as online work engagement, reflective practice, and flipped classroom methods, this handbook serves as a powerful resource for instructors of English language arts and TESOL. TESOL professionals, pre-service teachers, professors, administrators, instructional designers, curriculum developers, students, researchers, and academicians.
