The Terrestrial Biosphere S.T. Trudgill, 2014-09-25 Terrestrial Biosphere tries to pose the questions which underlie the many sided debate of how to respond to and influence change How should we view nature What do we do for the best how should we act what are we trying to achieve and what should we be guided by In doing so the book introduces and attempts to analyse not only scientific aspects of the debate but also cultural attitudes and values the notions of ecosystem stability are now challenged and it is also clear that ecosystems are renewable but not repeatable It finds that prescriptive solutions based on current constructs may not be adequate Feeling that analysis should lead to advocacy the author believes that if we can t improve predictability we have to increase adaptability which means that ecological and social capacity building should be advocated This is seen in terms of concepts institutions attitudes and values which allow for a plurality of meanings and which can cope with surprise and unforeseen change and which also facilitates responses to change

Ecologies of Creative Music Practice Matthew Lovett, 2023-12-13 Ecologies of Creative Music Practice Mattering Music explores music as a dynamic practice embedded in contemporary ecological contexts one that both responds to and creates change within the ecologies in

which it is created and consumed This highly interdisciplinary analysis includes theoretical and practical considerations from blockchain technology and digital platform commerce to artificial intelligence and the future of work to sustainability and political ecology as well as contemporary philosophical paradigms guiding its investigation through three main lenses How can music work as a conceptual tool to interrogate and respond to our changing global environment How have transformations in our digital environment affected how we produce distribute and consume music How does music relate to matters of political ecology and environmental change Within this framework music is positioned as a starting point from which to examine a range of contexts and environments offering new perspectives on contemporary technological and ecological discourse *Ecologies of Creative Music Practice* *Mattering Music* is a valuable text for advanced undergraduates postgraduates researchers and practitioners concerned with producing performing sharing and listening to music
