

How to Master Manual Transmission Driving?

01

Practice finding the clutch engagement point by stopping on level ground and slowly releasing the clutch pedal in 1st gear without gas until the car starts to move forward.

02

Master hill starts by applying gentle pressure on the accelerator while bringing the clutch to the biting point, then fully releasing the clutch as the car moves forward.

03

In stop-and-go traffic, use first and second gears instead of constantly shifting between neutral and first, and maintain a greater distance from the car in front for smoother speed changes.
