1. Discuss the change in Jack's personality that is described at the beginning of Chapter 3. How is his personality/behavior changing? What is Jack's highest priority, and what does this tell us about him? Cite specific examples from the novel.

Jack's personality is calm and focused at the beginning of chapter 3. His highest priority is to hunt the pigs. He doesn't care about anything else but hunting. He just wants meat.

"When the meeting was over they'd work for five minutes, then wander off or go hunting". Jack flushed. "We want meat..." "You couldn't care to help with the shelters, I suppose?" "We want meat." "And we don't get it!" (51)

2. How are all of the boys except Ralph, Simon and Jack behaving in Chapter 3? What is the author telling us about human nature? What important qualities do Ralph, Simon and Piggy have that the other boys seem to lack? Cite specific examples from the novel.

All the boys seem to be very hard working and trying their best to provide useful things. On the other hand, Ralph is very negative and says basically that Jack can't provide anything.

"I thought I might kill". "But you didn't". "I thought I might". Some hidden passion vibrated in Ralph's voice "But you didn't".

He makes human nature seem like some things are very hard to do like having to kill things when you're hungry and having to provide yourself with useful things. Some important qualities that Piggy, Simon, Ralph have are patience, intelligence, they know things that some kids at their age wouldn't know. they know the resources that they need in order to survive.

3. Throughout the novel, there has been clear tension between Ralph and Jack. What is making it difficult for them to communicate and get along with one another? What do you predict will happen later in the novel as a result of Ralph and Jack not being able to get along? Cite specific examples from the novel to support your response.

Things that are making it difficult for Jack and Ralph to communicate and get along are they both have different opinions on how to do stuff. I think later on in this story Jack and Ralph might end up becoming enemies and hating each other, because of their different opinions they will probably end up fighting each other for being leader.

4. Imagine you are stuck on the island. Who are you following: Ralph or Jack? Why? Provide specific details about Ralph and Jack that lead you to follow one of them. (Minimum 6 sentences)

Response:

I would follow Ralph because he is more logical and makes more sense than Jack. Ralph is trying to survive and get rescued, but Jack is all about hunting. Ralph makes the shelters and states the importance of the fire, while Jack only talks about pigs and how he almost kills them. Ralph is more organized and makes better decisions than Jack. For example, he tells the kids what to do, to help them survive. He wants nothing but the best for others.

Response:

I would follow Ralph because he makes much more sense with his opinion. His survival skills seem much more truthful and he is about getting saved. On the other hand Jack is about making the island about surviving the nature and only eating when Ralph is really making ways to get out of the island while surviving in the nature so he's not only helping them survive but as well. He is also getting them saved from just making their own island.
