Pay, Quit, or Die Don Herion, 2008-03-31 Organized crime the Mafia or the Outfit as it is known in Chicago is surrounded by a false glamour that elevates mobsters to the level of swashbuckling folk heroes whose ready violence and savage murders are too often excused in the public mind as acceptable because they only hurt each other Similarly illegal gambling the bread and butter racket inevitably combined with loan sharking and extortion is widely tolerated because it is perceived to be a victimless crime Donald H Herion a US Army veteran during the Korean War who grew up in a neighborhood where there was a bookmaker on every corner sometimes two or three learned just how wrong all that was when he returned home from the Army and joined the Chicago Police Department He wasn t sure that he was doing the right thing at the time because he really never liked cops but if he didn t like it he could always quit he thought After six years learning the ropes in the patrol division collaring burglars and stick up men chasing daredevil drivers calming adversaries in domestic disputes and riding herd on drunks and dope dealers he was promoted to plainclothes as a vice cop investigating illegal gambling narcotics prostitution and gang bangers He quickly learned that chasing bookmakers and busting up wire rooms was a fight against organized crime Illegal gambling was organized crime s biggest money maker the Golden Calf that financed most of its other illicit activities ranging from stock and bankruptcy swindles to the narcotics trade Herion and his partner were transferred to the Vice Control Section of the Organized Crime Division at police headquarters at 1121 S State Street He now had jurisdiction to make raids anywhere in the City of Chicago instead of only in his district He was promoted to detective then sergeant he rubbed shoulders with degenerate gamblers bookmakers prostitutes and stone cold killers while witnessing first hand how gambling destroys lives He broke up more than 4 000 gambling operations arrested hundreds of mob controlled bookmakers and other racketeers Herion also had the pleasure of busting up the mob s biggest floating crap game eight times costing the crime syndicate millions of dollars To accomplish this it was necessary for him to work on his own time as well as city time The mob moved the game into the suburbs which was out of his jurisdiction so Herion worked with Chicago Tribune crime reporter Bob Wiedrich to get the job done The crap game took every precaution necessary to keep from being discovered Lookouts with walkie talkies roved the area where the game was held to warn the operators of the game of any police in the area One suburb had a local police lieutenant and sergeant as lookouts the lieutenant who became aware of there presence in the area stuck his gun in their face wanting to know who they were

Herion had used his own car to conduct a surveillance hoped that the lieutenant didn't check his license number When the reporter explained to the lieutenant that they were watching a crime syndicate crap game going on in a building down the street and would he like to accompany them on a raid the lieutenant at this point made an excuse and left the area This of course caused some heat but the reporter had already had his story about the game which made headlines in the Chicago Tribune the next day On another occasion the game began again and was next to a railroad track in another suburban building in Melrose Park a suburb west of Chicago There was only one road in and out lookouts with walkie talkies were posted everywhere in the area Herion had his son Don print a sign on plasterboard 4 by 6 with large letters in red paint CRAP GAME operated by Mob Boss JACKIE CERONE with an arrow pointing to where the game was being held Herion nailed the sign on a telephone pole on the road leading to the game Wi

Tales from the Great Divide Barbara

Carvalho, 2015-09-24 Tales from the Great Divide is a story of challenge of change but mostly of hope It is the story of an immigrant Italian family and their first American born progeny living in the chaotic years of the middle part of the Twentieth Century With humor courage and grit they struggle to be American as the definition of American changes In the end they come to define America as does every generation of immigrants who weave the brilliant threads of their ethnicity into the tapestry of this great nation King David and Boss Daley Lance Williams, 2023-02-01 In Chicago in mid twentieth century amid the haze and smoke of urban renewal and the sounds of the wrecking balls and bulldozers there lived two men both street savvy one Black one Irish one young one old and both leaders of their clans Each ruled with an iron fist Each embodied the fighting spirit of the turbulent 1960s One was David Barksdale the Black Disciples leader a Black youth club that would give birth to America's largest street gang the other was Richard J Daley the legendary Mayor of the City of Chicago He was one of the longest serving most prominent mayors in American history and the last of the big city bosses Although the two never met at least not face to face their fates were linked by a time of change an era of protest which was a decisive moment of transformational power that was on the verge of a violent uprising in America's second largest city This is a book that is as lively as its subject A braided narrative of two larger than life people it has the boldness to combine two oddly related 1960s stories into a single narrative that is both intimate and epic One captures the unlikely story of a Negro boy whose sharecropping family migrated from rural Mississippi to Chicago where he started a street gang that became the largest in America The book's other path follows America's last big city boss whose persona is legendary and bigger than life While historians political pundits and those who knew him speak of Hizzonor as being a proud Irish Catholic who was the long time godfather of the Chicago Democratic Party and Mayor who saved Chicago from becoming another Detroit or Cleveland they also acknowledge that he was a fierce segregationist He had a contentious relationship with civil rights leaders like Dr Martin Luther King Jr Richard Daley also played a significant role in the history of the United States Democratic Party Williams an internationally recognized gang expert and interventionist eloquently tells the story of these men their clans and

their on going struggle for power status and legacy However unheard of and unimaginable some of the incidents may seem this is not a work of fiction Everything written comes from archival documents official reports focus groups in depth interviews or first hand accounts The action takes place mostly in Chicago s Englewood neighborhood Still there are some occasions where the action takes place in Bronzeville the Woodlawn community on the West Side of the City and downtown

Panic in the Loop Raymond B. Vickers,2011-01-01 Relying on a broad array of records used together for the first time Panic in the Loop reveals widespread fraud and insider abuse by bankers and the complicity of corrupt politicians that caused the Chicago banking debacle of 1932 It provides a fresh interpretation of the role played by bankers who turned the nation s financial crisis of the early 1930s into the decade long Great Depression It also calls for the abolition of secrecy that still permeates the bank regulatory system which would have prevented the Enron fiasco and the financial meltdown of 2008 This book focuses on the recurrent failures of the financial system the savings and loan crisis of the 1980s the Enron debacle of the early 2000s and finally the financial collapse of 2008 Because of regulatory secrecy knowing what happened in Chicago in 1932 is critical to understanding the glaring problems in the regulation of American finance in particular the lack of transparency the abuse of financial institutions by insiders and the capture of public institutions by insiders going through the revolving door between the private and public sectors Eight decades later little has changed The regulatory failures of the 1930s especially the pervasive system of secrecy that allowed the fraud and insider abuse to flourish were repeated during the collapse of 2008 Transparency would strike at the alliance between the executives of financial institutions and public officials who caused the worst economic upheaval since the Great Depression **Thieves of Baghdad** Matthew
