Mercenaries Of Panama Shada:

Mercenaries of Panama, Book Two: Shada Lee Dorsey, 2023-02-03 Erotic Thriller Shada's life takes an unusual path as a woman educated at Johns Hopkins Medical School and eventually trained by Al Qaida to be an assassin. She successfully conducts missions in the Middle East neutralizing the enemy until she's captured by The Company. She may well have been neutralized herself if the mercenary Frank from Dorsey's novel *Mercenaries* hadn't saved her life. He returns her to a compound in Panama where her experience taking out the enemy makes her a candidate for hire. Following twelve weeks of training, she spends several years as an assassin and becomes a valued asset. However, apart from her unique profession, Shada's personal life is quite spicy. By her own admission, she's oversexed, hedonistic, and satisfies that craving at every turn. When in time she wants to retire, Shada plans her escape from the mercenary life with an elaborate scheme to neutralize the Egyptian slave trader who held her captive and used her as his sex slave. She's vowed to neutralize him once the opportunity arises. When the time comes, she executes her foolproof scheme with ease except for one critical error. The slave trader's daughter, Nefertiabet, is convinced that her father was murdered by the woman he once abused. When Shada learns that her enemy's daughter wasn't fooled by her staged death, she's determined to neutralize Nefertiabet in a mission that will be her last.

Mercenaries of Panama Lee Dorsey, 2015-01-20 Shada is an assassin, a trained killer. It's a far cry from what she expected when she went to medical school. It's also a long way from what she was taught by Al Qaeda after an old flame convinced her to become a terrorist. Making a terrorist attack one day, her luck ran out and she was captured by the Company. They came close to killing her but instead sold her to an Egyptian slave trader. A senior Company ranger eventually acquired her from the slave trader and took her to Panama where the Company decided they could use her talents. When Shada is on a mission, she is all business. When she's on her own, she is oversexed, hedonistic, and venturesome. She satisfies those cravings at every turn. She was good at killing too. After several years of that, she wanted to return to medicine only to find that the Company was not eager to lose such a valuable asset. One way or another, Shada was done with killing. That was when she realized that you don't retire from The Company; you can only try to escape. How she does that is a story in itself.

Mercenaries of Panama, Book Three: Ebi Lee Dorsey, Like his contemporaries in Dorsey's other Panama novels, Ebi has had an erotic and adventurous life. Joining the Army after high school, he's recruited into Special Forces and serves as a Ranger for ten years. Later, he's recruited by the Company, completing twelve years of successful missions all over the world. As a highly experienced Ranger within the Company, he leads difficult and dangerous missions. At the same time, he plans his eventual escape into retirement. Over the course of his professional life, he has had three women who have professed their love for him. He would like to take one of these women into retirement with him but is faced with a moral dilemma in making his choice of his close friend Rayan. They must stage their deaths and find a suitable place to escape. The concern is can they actually escape? Or is it true that no one can successfully retire from the Company?

Mercenaries of Panama, Book One:
