

## Why do we need merchandise presentation?

>**Visual merchandising** is the ultimate image building tool. Depending on the merchandise and the imagery of the brand/store the VM is done. Visual merchandising puts forward the desired image of the store and helps in enhancing the same.

Designer stores have lesser merchandise and more space to make the product look and feel expensive (or rightly said RICH).

On the contrary hypermarkets have more merchandise and lesser space.

>**Influence buying behavior:** Through the right and attractive display one can influence the customer to like and but the product.

>**Increase in turnover:** Due to scientific and strong product presentation the customer is induced to buy more.

>**Increase in bill size:** Putting forth co-ordinated look makes the customer buy more than he would otherwise.
