This is the first ever biography in English of the Spanish Merckx who remains one of the most fascinating Tour de France champions Luis Oca a seemed doomed to live in the shadow of cycling's greatest ever rider Eddy Merckx The Cannibal Their rivalry defined Oca's entire career yet he was the one rider capable of beating the all conquering Merckx in his prime After an impoverished upbringing he flourished at the sport he loved and in 1970 secured his biggest victory on home soil winning the Vuelta a España and confirming his status as a Grand Tour challenger But it was in the 1971 Tour de France that the battle between Merckx and Oca reached its peak when at the Orcières Merlette stage he inflicted on Merckx the worst defeat he would suffer in a major Tour with an astonishing 120 kilometre solo breakaway through the Alps But then came one of the most gut wrenching crashes in Tour de France history when Oca fell heavily on a Pyrenean descent losing his leader's jersey and with it his best chance of destroying Merckx's reputation of invincibility In the midst of a torrential downpour with minimal visibility rider after rider crashed into the injured rider as he lay prone The following day Merckx refused to wear the leader's jersey out of respect It was only when Merckx was missing from the start line in 1973 that Oca became Spain's second ever Tour de France winner If Merckx had been present Oca's chances of success would have been far slimmer Further triumphs amassed before his swansong in 1976 but Oca's decline in later life reflects the immense struggle he embraced during the height of his career An enigmatic outsider to both the Spanish and French throughout his career never truly accepted in either country he died in mysterious circumstances aged just 48 A fascinating complicated character both on and off his bike

Oca a s fierce determination impetuosity and some would say recklessness created some of the most beautiful and gripping episodes in the history of the sport
