The Zengineer Scrolls James DuMaine, 2022-04-28 This series has been derived from the mind of a master recording and mixing engineer and his experiences through learning and application of the recording arts The title *Zengineer Scrolls* could have easily been replaced with the name *The Philosophy of Recording* because it not only provides factual information to guide the reader in recording techniques but also serves as a means to providing a light to the path of how to be a master at the craft When one begins reading these materials they will almost immediately realize they are looking through the eyes of a master so as to become that master Instead of being a collection of memorization tools it is a visualization of invaluable experience where

every word counts as a step in the Zen direction of being One will not even want to bypass the introduction as the key to this reservoir of knowledge begins there and pours tons of information into the readers view So the series beginning with the first collection of four scrolls is not about how to but how to be instead Yet there s a journey and not a series of tasks Prepare to dive into an ocean of knowledge between these covers and when you reach the bottom discover the mother of pearl within yourself Arise as an engineer master Zengineer **Dzogchen Essentials** Padmasambhava,2004 The Tibetan Buddhist meditation practice known as Dzogchen is a pragmatic method for getting in touch with the pure clear awareness that is hidden under our constant flow of anxious thoughts Dzogchen Essentials makes available the methods to meet and utilize this rich spiritual path Marcia Binder Schmidt a long time close attendant to one of the foremost Dzogchen Masters of the last century Tulku Urgyen Rinpoche has put together the most comprehensive and accessible collection of the essential instructions vital to this subject She has organized them into a handbook for the genuine trainee of this tradition The book includes a useful preface an introductory teaching by a leading Dzogchen Master as well as classical and original pieces that impart crucial explanations This is a book for the layperson as well as the scholar For centuries Dzogchen has been a secretly held and privately transmitted teaching which was unknown beyond the confines of Tibetan culture But that changed in the final decades of the last century as many Tibetans saw the long awaited unfolding of a famous ninth century prophecy When the Dark Age is rampant the Dzogchen teachings will blaze like wildfire **Zen and the Art of Mixing: REV 2**
