School History Textbooks across Cultures Jason Nicholls, 2006-05-15 What do school history textbooks mean in the contemporary world What issues and debates surround their history and production their distribution and use across cultures This volume brings together articles by authors from the United States Italy Japan Germany France Russia and England each piece drawing attention to a series of fascinating yet highly specific national debates In this collection perspectives on the place and purpose of school history textbooks are shown to differ across space and time For the student or scholar of comparative education this compilation raises important methodological questions concerning the grounds and parameters upon which it is possible to make comparisons

Textbook Quality Ivan Ivic, Ana Pesikan, Slobodanka Antic, 2013-12-11 This book is about textbooks textbook quality and quality standards of textbooks From a theoretical point of view in the light of Bahtin s theory of speech genres school textbooks are seen as a specific complex genre defined by the addressee At the same time this approach requires us to see textbooks as a cultural product From an educational point of view textbooks are according to Vygotsky s theory of cultural development a key socio cultural aid to cognitive development in school years Forty three quality standards are operationally defined and explained They can be used for compiling textbooks for textbook accreditations for textbook evaluation and for selection by teachers

Historical Foundations of Education Theodore Michael Christou, 2023-03-23 This volume considers history as a foundational discipline in education It shows how history is a means for exploring what it means to be human by considering those stories sources forces and contexts that shape the way we construct narratives History is more than content no matter what we might recall from our experiences in schools The volume shows how studying history is one means of uncovering why institutions beliefs

policies and practices are as they are Educational structures are like all things mutable History empowers the individual to be an actor in this process of change and to act judiciously About the Educational Foundations series Education as an academic field taught at universities around the world emerged from a range of older foundational disciplines The Educational Foundations series comprises six volumes each covering one of the foundational disciplines of philosophy history sociology policy studies economics and law This is the first reference work to provide an authoritative and up to date account of all six disciplines showing how each field's ideas methods theories and approaches can contribute to research and practice in education today The six volumes cover the same set of key topics within education which also form the chapter titles Mapping the Field Purposes of Education Curriculum Schools and Education Systems Learning and Human Development Teaching and Teacher Education Assessment and Evaluation This structure allows readers to study the volumes in isolation by discipline or laterally by topic and facilitates a comparative thematic reading of chapters across the volumes Throughout the series attention is paid to how the disciplines comprising the educational foundations speak to social justice concerns such as gender and racial equality

A Study of Intermediate Grade History Textbooks Commonly Used in the State of Indiana Lenna Elizabeth Smock, 1929

Textbooks in American Society Philip G. Altbach, J. Donald Monan Jr. Professor of Higher Education and Director Philip G. Altbach, Gail P. Kelly, Hugh G. Petrie, Lois Weis, 1991-01-01 In recent years textbooks have been widely criticized for low standards lack of imaginativeness and insensitivity to racial and gender issues Increasingly they are cited as another weak link in American public education This book goes beyond the headlines to examine how textbooks are produced how they are selected and what pressures are placed on textbook authors and publishers The book focuses on the relationship of the textbook to the educational system and includes important issues such as the politics of textbook policy the determinants of textbook content the role of textbooks in educational reform and the process of selection at the state level The authors offer current research on textbook policy including perspectives from those directly involved with textbooks from several thoughtful analyses by textbook editors and publishers to the views of California's Superintendent of Public Instruction

Know Thy Enemy Meir Litvak,2021-03-22 In Know Thy Enemy Meir Litvak analyzes the re articulations of the Others in modern Shi ism as a novel way to examine the formulation of modern Shi i identity and place in the world Among these others which have transformed into enemies in the modern period are the West apostates Wahhabism Jews Baha is and feminism Looking at the rhetorical themes that Shi i writers use the book demonstrates the contrast between the collective positive We and the negative threatening Other as a major principle in the evolution of Shi ism as the minority branch of Islam It offers a complex view of Shi i identity combining a sense of victimhood and insecurity together with conviction of intellectual and moral superiority and long term triumph

Postwar History Education in Japan and the Germanys Julian Beatus Dierkes,2010 How did East and West Germany and Japan reconstitute national identity after World War II Did all three experience parallel reactions to national trauma and reconstruction History education shaped how these nations reconceived their national identities Because the content of history education was controlled by different actors history education materials framed national identity in very different ways In Japan where the curriculum was controlled by bureaucrats bent on maintaining their purported neutrality materials focused on the empirical building blocks of history wh

History Can Bite Denise Bentrovato,Karina V. Korostelina,Martina Schulze,2016-10-10 The volume provides critical insights into approaches adopted by curricula textbooks and teachers around the world when teaching about the past in the

wake of civil war and mass violence discerning some of the key challenges and opportunities involved in such endeavors The contributors discuss ways in which history teaching has acted as a political tool that has at times been guilty of exacerbating inter group conflicts It also highlights history teaching as an important component of reconciliation attempts showcasing examples of curricular reform and textbook revision after conflict and discussing how the contestations and difficulties surrounding such processes were addressed in different post conflict societies

Teaching in the Social Sciences and the Humanities in the U.S.S.R. United States. Office of Education. Division of International Education,1959 *History Education in Lebanon and the Borders of the Nation* Bouchra Saab,2025-09-01 This study shows that widely used history textbooks in Lebanon are more standardized and censored than in most liberal democratic countries and relatively similar in form and content to textbooks from Syria and Iraq A diversity of historical narratives has progressively converged into one dominant narrative which entails a standard definition of the self In contrast the other is defined through the exclusion of religious groups considered exogenous and ethnicities considered inferior In addition women are marginalized Surprisingly the textbooks affiliated with Hezbollah a Shiite militia financed by the Iranian regime depart to a certain extent from this definition While most previous research on Lebanese history textbooks has focused on the diverging narratives of religious communities this study views these textbooks as the outcome of a tension between two major forces educational traditions on the one hand and contemporary politics on the other
