Investing in wet mills and washed coffee in Ethiopia: Benefits and constraints Tamru, Seneshaw,Minten, Bart,2018-08-09 Local value addition in developing countries is often aimed at the upgrading of agricultural value chains since it is assumed that doing so will make farmers better off However transmission of the added value through the value chain and constraints to adoption of value adding activities by farmers are not well understood We look at this issue in the case of coffee in Ethiopia the country s most important export product and value addition in the coffee value chain through washing coffee which is done in wet mills Washed coffee is sold internationally with a significant premium compared to natural coffee and

we find that this premium is largely transmitted to producers However while wet mills have become more widespread the share of washed coffee in Ethiopia s coffee exports is not increasing over time and even if coffee farmers have access to a wet mill they often do not sell all their coffee cherries to them Relying on a unique primary large scale dataset and a combination of qualitative and quantitative methods we examine the reasons for this puzzle The reasons seemingly are twofold First labor productivity in producing red cherries which wet mills require is lower than for natural coffee reducing incentives for adoption especially for those farmers with higher opportunity costs of labor Second only impatient often smaller farmers sell red cherries as more patient farmers use the storable dried coffee cherries as a rewarding savings instrument given the negative real deposit rates in formal savings institutions *Journal of Economic Literature* ,2014 *The Geneva Papers* Christophe Courbage,2016-04-29 In January 1976 Raymond Barre the first President of The Geneva Association and Orio Giarini its first Secretary General founded The Geneva Papers on Risk and Insurance with the main goal of supporting and encouraging research in the economics of risk and insurance At that time research in the field of insurance was still embryonic and insurance was regarded as peripheral social activity When sustained economic growth gained traction the function of insurance gradually emerged as a key contributor to economic development By integrating uncertainty into economic theory and benefiting from the progress of both financial economics and decision theory research developed further in the field of insurance economics and risk management and is now prolific The Geneva Papers on Risk and Insurance undeniably contributed to this evolution and its impact on research in insurance has largely exceeded what its two founding members could have expected This volume is a special collection of papers celebrating 40 Years of The Geneva Papers on Risk and Insurance The collection looks back at the storied history of The Geneva Papers on Risk and Insurance and features papers from some of the esteemed authors who have contributed to the journal in its lifetime This collection of papers highlights just a few of the many themes addressed in the papers published by the journal since it was created Nevertheless the selection exemplifies the richness and variety of topics the field of insurance covers [IIFT 5 Mock Tests & Solved Papers \(2021-2008\)](#) RK JHA,2022-03-05 The Indian Institute of Foreign Trade IIFT is counted in one of the top Management Institutes that conduct entrance examinations for admissions into MBA courses 1 IIFT 5 Mock Tests Solved Papers is updated as per the latest syllabus 2 14 Previous Years solved papers are given to get insights of the examination pattern 3 Well explained answers for better understanding and conceptual clarity 4 5 mock tests are provided for self assessment and ample practice The revised edition of IIFT 5 Mock Tests Solved Papers has been fully updated as per the latest syllabus to meet the needs of the competitors Engraved with 14 Previous Years Solved Papers 2021 2008 it gives insights of the examination pattern and their question type Well explained answers are given in a lucid language for better understanding of the concepts Besides focusing on the theory part the book also contains 5 Mock Tests for self assessment and quick revision of all sections Packed with good number and variety of questions it helps to strengthen the conceptual
